

# Senate "Truce" Unsighted

## Ike-Rhee Talks Will Open Today

New Developments Sharpen Importance

WASHINGTON, July 25 (AP)—New tensions along the Communist front in the Far East today sharpened the importance of conferences starting tomorrow between President Syngman Rhee of South Korea and President Eisenhower and other top U. S. officials.

They also increased the possibility Eisenhower will revise plans for heavy U. S. army withdrawals from Far Eastern positions.

As the leader of South Korea flew toward Washington, where he is due at 5 p. m. EDT tomorrow, several developments indicated that decisions bearing on the role of the United States and friendly nations in maintaining Far Eastern security against Red Chinese pressure are in the making. These developments include:

1. Some evidence that the Chinese Communist regime, free of Indochina War commitments, may be shifting its main aggressive pressures now to the Chinese Nationalist controlled island of Formosa. Washington officials were deeply interested in reports that the Reds are beginning to beat the propaganda drum. A big rally on this issue was reported held at Peiping yesterday with much speechmaking about breaking up the Nationalist rule of Generalissimo Chiang Kai-shek.

2. A review of plans for military cutbacks in the Far East, with the prospect that much greater American strength will be maintained than was contemplated after the Korean War ended a year ago. At that time the Joint Chiefs of Staff laid down programs for reducing the U. S. Army from 22 to 17 divisions, mainly by withdrawing forces from the Far East. There were to be smaller cuts in naval and air strength there. It is understood now that military chiefs no longer consider this plan feasible and that a revised program of Far Eastern commitments is up for Eisenhower's decision.

3. The shooting down Friday of a British airliner 30 miles south of the Red-ruled island of Hainan. The United States sent carriers to protect American-British-French rescue craft and then announced the action so that Red nations and Allies alike would understand the extreme seriousness with which officials here, from President Eisenhower down, regard this "wanton attack."

## McKeldin Lauds Ike's Road Plan

BALTIMORE, July 25 (AP)—Gov. McKeldin today lauded President Eisenhower's proposal at the recent governors' conference for a long-range highway program and predicted it will be a success despite early "misunderstanding."

"There are good indications that President Eisenhower's message to the conference, delivered by Vice President Nixon, will be a spur to much-needed, long-range road building programs throughout the states," the governor said.

He said the proposition of the President in suggesting that 50 billion dollars be spent in a coordinated highway program among the states is the same as proposed by earlier conferences.

He said it is not too difficult to see that Eisenhower had, in all probability, availed himself of the earlier conference reports in preparing his message.

## Explosion Kills Six

WENDUINE, Belgium, July 25 (AP)—A holiday boarding house collapsed after an explosion in this seaside resort today. A Scottish beach brigade on maneuvers nearby labored seven hours and brought six dead and 26 injured persons from the ruins.

## Adlai Declares U. S. Policy "Defaulted" In Indochina

ANCHORAGE, Alaska, July 25 (AP)—Adlai E. Stevenson charged today "U. S. policy defaulted and France salvaged what she could" out of the Indochina settlement.

Stevenson, 1952 Democratic party presidential candidate, made his first public comments on the Indochina situation in a speech to Anchorage Democrats. Stevenson was vacationing last week at McKinley National Park while the Indochina cease-fire was being negotiated.

"Again the shooting has stopped but Communist China has stalked out another menacing salient into free Asia and enveloped 13 million people and one of the richest rice growing areas in the Orient," Stevenson said.

"This is the sorry sequel of all the foolish, boastful Republican talk about liberation of the enslaved nations, about unleashing Chiang Kai-shek, seizing the initiative, a new look in foreign policy,

## Reds Accused Of Persecuting Indo Catholics

Officials Of Vietnam  
Deny Charge Hurdled  
In Propaganda Battle

HANOI, Indochina, July 25 (AP)—Vietnamese officials claim — and the Communist-led Vietnam deny — that Red sympathizers are already persecuting Roman Catholics in the Red River Delta. It is only one aspect of a big propaganda battle being waged for more than a million Catholics in North Vietnam.

Catholic leaders themselves are saying little until they can determine exactly the extent of any anti-Catholic movement in the southern delta region which the French evacuated in the last stages of the Indochina War.

The Catholics apparently fear any blast against the Vietnam now might touch off a wave of persecution. Actually reports from the region have been fragmentary and often highly contradictory.

However, representatives of the Vietnamese three-man governing committee for North Vietnam are telling Catholics here and in other areas the French and Vietnamese still hold north of here that the Vietnam are persecuting Catholics in the southern delta.

These spokesmen claim the Catholics must pay \$1.43 each to attend mass and 57 cents each to wear a cross or other religious emblems. The Vietnamese informants say all southern delta residents — particularly Catholics — must attend Communist indoctrination classes.

But Vietnam agents, infiltrating into Hanoi by the thousands, are telling the Catholics such stories are untrue. The agents claim the Catholics are unmolested and allowed to practice their religion without pressure or taxation, and that all Vietnamese residents of Vietnamese-occupied delta areas are guaranteed life and property rights.

## Reds Launch General Attack On Nha Trang

SAIGON, Indochina, July 25 (AP)—The French High Command announced tonight the Communist-led Vietnam have launched a general assault on Nha Trang, on the China Sea coast only 180 miles northeast of Saigon. This is far south of the partition line set by the cease-fire agreements signed at Geneva.

The French said a Vietnam commando unit burst into Nha Trang and sabotaged several bridges early yesterday.

French officials in Hanoi had announced earlier Vietnam attacks on Phu My and Vietri in the Red River Delta last night.

The cease-fire in North Vietnam has been set to begin at 7 a. m. Tuesday. French sources in Hanoi said a partial cease-fire arrangement concluded Friday specified that neither side would attack with more than a regiment in North Vietnam and that the Phu My and Vietri attacks were within that limitation. However, the French asserted, any attack violates the spirit if not the letter of the agreement.

## India Agrees To Head Truce-Directing Group

NEW DELHI, India, July 25 (AP)—Prime Minister Nehru announced today India has accepted the chairmanship of the three-nation Indochina Cease-fire Supervisory Commission.

He made the announcement to a 475-member party committee at Ajmer, 270 miles southwest of here. It was broadcast over the government radio in New Delhi.

Invited to serve with India on the commission were Canada and Communist - governed Poland. V. K. Krishna Menon, who played an important behind-the-scenes role at the Geneva talks as Nehru's personal representative, has been mentioned as possible chairman of the commission.

## Pilot Tells Of Rescue In 10-Foot Swells Of Airliner Survivors

CLARK FIELD, Philippines, July 25 (AP)—Nine dazed people, their clothes in shreds, huddled under canvas on a raft tossed by 10-foot waves. . . .

A frightened little girl whimpering for her injured mother. . . .

A doll swept away by the angry South China Sea. . . .

A Chinese woman begging for water, then leaning back and dying in the arms of an American airman. . . .

This graphic account was given today by a U. S. Air Force pilot of

## Trucks Collapse Bridge

When two heavy trucks, one hauling a bulldozer, started across the covered Delray bridge near Thomaston, Ga., the span collapsed under the weight. Both drivers escaped injury. Here children scamper across the wreckage which lies in a large creek.

## Atom Scientists Recommend Revision Of Security System

WASHINGTON, July 25 (AP)—A group of atomic scientists, declaring "there is a need for a new approach" to security, proposed today a six-point revision of government standards.

The Federation of American Scientists made public the proposal which it said was prepared by its representatives at the Atomic Energy Commission's Los Alamos installation and presented there July 16 to AEC Chairman Lewis L. Strauss.

## Harriman Enters Democratic Race For N.Y. Governor

NEW YORK, July 25 (AP)—Averell Harriman, former mutual security administrator, jumped into the gubernatorial race today with the declaration he would be "proud to accept" the Democratic party nomination.

Harriman added that he does not intend to organize a campaign for the nomination, but would be content to await the choice of delegates at the party's state convention in September.

The former federal official made the announcement during an interview on the Citizens Union television program over WNET.

## Greek Lake Claims Two Americans' Lives

ATHENS, Greece, July 25 (AP)—The U. S. Consulate in Salonika said today two Americans drowned yesterday in Lake Ostrova, 75 miles west of Salonika.

The consulate identified them as Simon Miller, 23, of Colonia, Iowa, and Ely Miller, 20, of Dalton, Ohio.

A third unidentified American youth who was swimming with them was rescued by Greek gendarmes.

## Heroine Of Indochina Fortress U.S.-Bound

PARIS, July 25 (AP)—Lt. Genevieve de Galard Teraube, the nurse-heroine of Dien Bien Phu, left by air tonight for the United States. She will visit America at the formal invitation of Congress.

Miss de Galard Teraube, 29, was the only woman in the Indochina fortress when it was captured by Communist-led Vietnam rebels May 7. She was later released and returned to France.

## Runoff Looms In Texas Race For Governor

Shivers Holds Lead  
Of 17,159 With Less  
Than 80,000 To Go

DALLAS, Tex., July 25 (AP)—Gov. Allan Shivers and Ralph Yarborough apparently will carry the bitter battle between conservative and liberal Democrats into a runoff election for the governorship of Texas.

Shivers, the champion of conservatives, held a 17,158 vote lead over liberal Yarborough at 6:30 p. m. tonight out of 1,273,100 votes counted on yesterday's primary. Between 60 and 80 thousand votes were still to be tabulated by the Texas Election Bureau, an unofficial vote-gathering agency supported by Texas newspapers and radio stations.

Counting Halted For Night

"It looks like a runoff," Robert L. Johnson, manager of the bureau, said after the final tabulation of the night. Counting will be resumed tomorrow morning.

A runoff election is required when no candidate gets a majority in the primary election. If necessary it will be held Aug. 28.

Two other candidates for the Democratic nomination — tantamount to election in the past — apparently threw the governorship into the runoff. They received 2.72 percent of the vote.

Shivers, bidding for an unprecedented third term and control of the state's Democratic party for the conservative forces, still retained a mathematical chance of winning without a runoff. At the final tabulation, the handsome 46-year-old governor was 17,629 votes shy of a clear majority over the other three candidates.

Shivers had 627,736 votes on the day's last count, 49.31 percent of the vote. Yarborough had 610,578, or 47.96 percent.

Yarborough said from his headquarters in Austin he was confident he could beat Shivers in a runoff.

Voters in Texas do not have to register as either Republican or Democrat. Under 60, you can't vote unless you pay a \$1.50 poll tax. Persons over 60 are exempt from paying the poll tax.

## Masses In All Countries Want Peace, Ike Says

WASHINGTON, July 25 (AP)—President Eisenhower declared today "it is only governments that are stupid" and that the masses in all nations long for peace.

In an address to the 12th World Christian Endeavor convention, the President made an impassioned defense of the free world and contrasted these with the way of life of the Communist world.

Eisenhower said free peoples must unite "if they are to meet successfully the opposition which is united by force, by the threat of the MVD, by the threat of the police, the threat that comes about when a child is asked to inform upon its parents, when there is no sanctity left in family life, or in community life—in anything, indeed, except slavish devotion to the head of the state."

The President spoke to the delegates to the international Christian youth association from a cross-surmounted platform in the Mayflower Hotel.

## Six Perish In Fire

BIRMINGHAM, England, July 25 (AP)—Six members of one family perished today in a fire which swept their home. The dead were Alfred Betts and five of his children. Mrs. Betts leaped from an upstairs bedroom window with a 4½-month-old baby in her arms, suffering some injuries.

## Pathologists Find Youthful Heir Died Of Natural Causes

CHICAGO, July 25 (AP)—Four pathologists probing the death of Montgomery Ward Thorne have found that the 20-year-old heir to a mail order fortune died of natural causes, one of the pathologists said today.

Thorne's body was found June 19 in his \$75-a-month near North Side apartment. Cause of death could not be determined immediately, and a physician in the coroner's office hinted the youth may have died of foul play.

Dr. Otto Saphir, University of Illinois pathologist and head of the Department of Pathology at Michael Reese Hospital, said the findings will be reported to Coroner Walter E. McCarron this week.

## French To Begin Indo Evacuation On Wednesday

HANOI, Indochina, July 25 (AP)—The evacuation of up to one million civilians and fighting men from North Viet Nam will begin Wednesday—one day after the fighting is scheduled to stop, French officials said today.

Jacques Compain, French civilian director general in North Viet Nam, said he has been assured of 800 plane seats for civilian evacuees the first day. He said they would include 300 French and 500 Vietnamese.

By the second week in August, Compain added, he expects the program to be increased to 5,000 daily. Approximately 4,000 of these would be evacuated by ship from Haiphong to Saigon, 700 miles to the south.

Among the first scheduled to move out are the civilians and soldiers from areas west and south of Hanoi. By Aug. 11, all French Union forces west of a north-south line drawn through Hanoi must be withdrawn into a semicircle 10 miles from Hanoi.

Vietnamese civilians in the area who want to be evacuated will be moved into villages inside the semicircle and remain there until moved to Saigon, either by air or via Haiphong. Soldiers guarding the civilians will follow into the semicircle.

The semicircle is the western end of a 20-mile wide evacuation corridor extending 65 miles east to Haiphong. French and Vietnamese military units will withdraw down that corridor in progressive stages, leap-frogging one another so always to present a defensive front facing the area just cleared.

Evacuation of the Hanoi area must be completed within 80 days after the July 27 cease-fire. Twenty days later, the evacuation parade must have passed Hai Duong, midway between Hanoi and Haiphong.

## Two Children Perish In Darlington, Md., Fire

DARLINGTON, Md., July 25 (AP)—Two children died early this morning from burns suffered when one of them threw kerosene in a wood stove and flames backfired.

The victims, Joyce Little, 43, and Gary Little, 2, of Darlington, died at Johns Hopkins Hospital in Baltimore. They were rushed to Baltimore from this Harford County town after the fire broke out at 8:30 p. m. yesterday.

The flames which roared back from the woodstove started a fire that gutted the kitchen of the home of the parents, Mr. and Mrs. Sanford Little, and injured several members of the family.

## States Using Radar Report Highway Accident Rate Cut

[By The Associated Press]

Spreading use of radar for traffic control is being credited with cutting the accident rate in most of the states where it is in operation.

Virginia state police, for example, say the "Whammy," as they call it, sliced the state's fourth of July traffic death toll from 21 last year to 7 this year.

An Associated Press survey disclosed that 29 states now have radar in local or statewide use. Not one plans to drop it. Most are expanding its use.

Virtually all the 29 have been using radar to measure traffic speeds for two years or less. Colorado, Minnesota and Virginia adopted it July 1. Connecticut pioneered it eight years ago.

Long Island put it on a limited basis in 1947 and Arizona has been using it for about four years.

While radar stands up as conviction evidence in police and higher courts, one unexpected result has

## Knowland May Push His Effort To Halt Debate

Republican Leader  
Concedes Failure  
Of Move Possible

WASHINGTON, July 25 (AP)—Freshened by their first full night's sleep in four days, senators tried new, offside efforts today to break a deadlock over atomic legislation.

There were signs both sides were ready to bargain but no immediate hope was held for a compromise in the 10-day fight which was climaxed with an almost continuous 86-hour session lasting from Wednesday morning until 11:48 p. m. EDT last night.

Conceding he may fail, Republican Leader Knowland of California indicated he would push his effort to close off debate shortly after the Senate reconvenes tomorrow. He would need the votes of 64 senators to invoke the cloture rule and end what both he and the White House have termed a filibuster.

The House, which completed preliminary action on the measure in its own 17½ hour marathon session Friday, meets at noon tomorrow to wrap up its work with a final series of roll call votes.

Round-Clock Sessions Possible

But the strict rules which limit House debate do not apply in the Senate, and a resumption of round-the-clock sessions are possible for the senators unless some agreement is reached.

Knowland pleaded yesterday for some "reasonable formula" for a settlement, declared that "President Eisenhower does not ask a rubber stamp Congress." He gave no indication, however, how far he might be willing to compromise.

On the other side, Sen. Gore (D-Tenn.) told newsmen "I now doubt that we can win." That comment came after Democratic Leader Lyndon Johnson of Texas had proposed a limit on debate. Most opposition to the administration bill has come from a small group of Democrats.

## Morse Blocks Johnson Move

But Gore, one of the opposition's main sparkplugs, declined to predict whether the debate might wither and die, saying "we'll have to wait and see how everyone feels on Monday."

Johnson's proposal, which would have required unanimous consent, was blocked by Sen. Morse (Ind-Ore) as last week's marathon session neared its close.

There was no indication whether Johnson or someone else would reoffer the debate limiting proposal after the argument resumes tomorrow.

The continuing wrangle appeared to have knocked out all hope of adjournment by next Saturday, long the target date for Congress to quit.

## 4 Soldiers, Pilot Die In Plane Crash

IRONTON, Mo., July 25 (AP)—Rescue workers today found the bodies of four soldiers and a civilian pilot killed in a plane which exploded and crashed in rugged hill country southwest of this Ozark community.

The crash occurred early Saturday afternoon but searchers, led by Missouri Highway Patrolman Frank Sheible, were unable to find the bulk of the wreckage and most of the bodies in the wilderness until late today.

## States Using Radar Report Highway Accident Rate Cut

been a steep cut in the number of cases taken to court by violators.

As used in traffic control, the radar device is about as simple as taking a photograph. There is a unit about the size of a spotlight which shoots radio microwaves at the back of a car. The waves bounce back to a receiving and recording set in the police patrol car.

The difference in the time these waves take from patrol to speeding car to patrol again can be translated into miles-per-hour electronically and accurately. Readings are taken both on a dial and on a roll of graph paper.

The double reading furnishes both a check and a permanent record. In addition, some devices incorporate a camera which takes a picture of the suspect car and its license number.

When a speeder is detected, the operator radios to another patrol squad ahead to make the arrest or issue the warning.

## Ike-Rhee Talks Will Open Today

### New Developments Sharpen Importance

WASHINGTON, July 25 (AP)—New tensions along the Communist front in the Far East today sharpened the importance of conferences starting tomorrow between President Syngman Rhee of South Korea and President Eisenhower and other top U. S. officials.

They also increased the possibility Eisenhower will revise plans for heavy U. S. army withdrawals from Far Eastern positions.

As the leader of South Korea flew toward Washington, where he is due at 5 p.m. EDT tomorrow, several developments indicated that decisions bearing on the role of the United States and friendly nations in maintaining Far Eastern security against Red Chinese pressure are in the making. These developments include:

1. Some evidence that the Chinese Communist regime, free of Indochina War commitments, may be shifting its main aggressive pressures now to the Chinese Nationalist controlled island of Formosa. Washington officials were deeply interested in reports that the Reds are beginning to beat the propaganda drum. A big rally on this issue was reported held at Peiping yesterday with much speechmaking about breaking up the Nationalist rule of Generalissimo Chiang Kai-shek.

2. A review of plans for military cutbacks in the Far East, with the prospect that much greater American strength will be maintained than was contemplated after the Korean War ended a year ago. At that time the Joint Chiefs of Staff laid down programs for reducing the U. S. Army from 22 to 17 divisions, mainly by withdrawing forces from the Far East. There were to be smaller cuts in naval and air strength there. It is understood now that military chiefs no longer consider this plan feasible and that a revised program of Far Eastern commitments is up for Eisenhower's decision.

3. The shooting down Friday of a British airliner 30 miles south of the Red-ruled island of Hainan. The United States sent carriers to protect American-British-French rescue craft and then announced the action so that Red nations and Allies alike would understand the extreme seriousness with which officials here, from President Eisenhower down, regard this "wantan attack."

## McKeldin Lauds Ike's Road Plan

BALTIMORE, July 25 (AP)—Gov. McKeldin today lauded President Eisenhower's proposal at the recent governors' conference for a long-range highway program and predicted it will be a success despite early "misunderstanding."

"There are good indications that President Eisenhower's message to the conference, delivered by Vice President Nixon, will be a spur to much-needed, long-range road building programs throughout the states," the governor said.

He said the proposition of the President in suggesting that 50 billion dollars be spent in a co-ordinated highway program among the states is the same as proposed by earlier conferences.

He said it is not too difficult to see that Eisenhower had, in all probability, availed himself of the earlier conference reports in preparing his message.

## Explosion Kills Six

WENDUINE, Belgium, July 25 (AP)—A holiday boarding house collapsed after an explosion in this seaside resort today. A Scottish beach brigade on maneuvers nearby labored seven hours and brought six dead and 26 injured persons from the ruins.

## Adlai Declares U. S. Policy "Defaulted" In Indochina

ANCHORAGE, Alaska, July 25 (AP)—Adlai E. Stevenson charged today "U. S. policy defaulted and France salvaged what she could" out of the Indochina settlement.

Stevenson, 1952 Democratic party presidential candidate, made his first public comments on the Indochina situation in a speech to Anchorage Democrats. Stevenson was vacationing last week at McKinley National Park while the Indochina cease-fire was being negotiated.

"Again the shooting has stopped but Communist China has stalked out another menacing salient into free Asia and enveloped 13 million people and one of the richest rice growing areas in the Orient," Stevenson said.

"This is the sorry sequel of all the foolish, boastful Republican talk about liberation of the enslaved nations, about unleashing Chiang Kai-shek, seizing the initiative, a new look in foreign policy,

## Gruenther Reveals Hundreds Of Yanks Nazi Sub Victims

SLAPTON, England, July 25 (AP)—Residents of this tiny south coast village today were talking with amazement about how a German submarine broke through channel defenses during World War II and killed several hundred American soldiers.

Gen. Alfred Gruenther, supreme commander of Allied Forces in Europe, said in a speech here yesterday the submarine sank three large ships in which the Americans were training for invasion of the continent.

It was the first people here had heard of the sinkings. Residents of Slapton and eight other villages had been evacuated so the Americans could rehearse the invasion in secret.

## Mitchell Heads Republican Drive For Labor Votes

WASHINGTON, July 25 (AP)—The Eisenhower administration is busy trying to line up some organized labor votes for the Republican party this fall and Secretary of Labor James P. Mitchell is the man spearheading the drive.

Arrangements have been completed for Mitchell to address at least seven major union gatherings between now and November. On every occasion that he can the 53-year old former New York department store executive, now about to complete a year as labor secretary, preaches "the Eisenhower administration is pro-labor."

## Radio-Tv Script Prepared

That's the theme of a prepared radio-TV script Mitchell has distributed to Republican members of Congress up for re-election. Any one of them can use the script to have a program transcribed with Secretary Mitchell to send to the stations back home for local use.

Space is left in the script to fill in the particular congressman's name, the name of his state and area, and the locality's leading industries.

## Challenge To "John Dooms"

"We've got a program," Mitchell says in the script, "a whole of a good and constructive program, in terms of housing and old age and survivors' insurance, in terms of unemployment compensation, in terms of taxes—all affecting the man in the street."

"I challenge the John Dooms to debunk this program specifically. It is easy for them to generally say 'The Republicans aren't helping the working man.' But let them get specific and then let's see how far they get. They won't get far at all."

## Runoff Looms In Texas Race For Governor

### Shivers Holds Lead Of 17,159 With Less Than 80,000 To Go

DALLAS, Tex., July 25 (AP)—Gov. Allan Shivers and Ralph Yarborough apparently will carry the bitter battle between conservative and liberal Democrats into a runoff election for the governorship of Texas.

Shivers, the champion of conservatives, held a 17,158 vote lead over liberal Yarborough at 6:30 p.m. tonight out of 1,273,100 votes counted on yesterday's primary. Between 60 and 80 thousand votes were still to be tabulated by the Texas Election Bureau, an unofficial vote-gathering agency supported by Texas newspapers and radio stations.

## Counting Halted For Night

"It looks like a runoff," Robert L. Johnson, manager of the bureau, said after the final tabulation of the night. Counting will be resumed tomorrow morning.

A runoff election is required when no candidate gets a majority in the primary election. If necessary it will be held Aug. 28.

Two other candidates for the Democratic nomination — tantamount to election in the past — apparently threw the governorship into the runoff. They received 2.72 per cent of the vote.

## Shivers Seeks Third Term

Shivers, bidding for an unprecedented third term and control of the state's Democratic party for the conservative forces, still retained a mathematical chance of winning without a runoff. At the final tabulation, the handsome 46-year-old governor was 17,629 votes shy of a clear majority over the other three candidates.

Shivers had 627,736 votes on the day's last count, 49.31 per cent of the vote. Yarborough had 610,578, or 47.96 per cent.

Yarborough said from his headquarters in Austin he was confident he could beat Shivers in a runoff.

Voters in Texas do not have to register as either Republican or Democrat. Under 60, you can't vote unless you pay a \$1.50 poll tax. Persons over 60 are exempt from paying the poll tax.

## Masses In All Countries Want Peace, Ike Says

WASHINGTON, July 25 (AP)—President Eisenhower declared today "it is only governments that are stupid" and that the masses in all nations long for peace.

In an address to the 12th World Christian Endeavor convention, the President made an impassioned defense of the spiritual values underlying the free world and contrasted these with the way of life of the Communist world.

Eisenhower said free peoples must unite "if they are to meet successfully the opposition which is united by force, by the threat of the MVD, by the threat of the police, the threat that comes about when a child is asked to inform upon his parents, when there is no sanctity left in family life, or in community life—in anything, indeed, except slavish devotion to the head of the state."

The President spoke to the delegates to the international Christian youth association from a cross-surmounted platform in the Mayflower Hotel.

## Six Perish In Fire

BIRMINGHAM, England, July 25 (AP)—Six members of one family perished today in a fire which swept their home. The dead were Alfred Betts and five of his children. Mrs. Betts leaped from an upstairs bedroom window with a 4½-month-old baby in her arms, suffering some injuries.

## Pathologists Find Youthful Heir Died Of Natural Causes

CHICAGO, July 25 (AP)—Four pathologists probing the death of Montgomery Ward Thorne have found that the 20-year-old heir to a mail order fortune died of natural causes, one of the pathologists said today.

Thorne's body was found June 19 in his \$75-a-month near North Side apartment. Cause of death could not be determined immediately, and a physician in the coroner's office hinted the youth may have died of foul play.

Dr. Otto Saphir, University of Illinois pathologist and head of the Department of Pathology at Michael Reese Hospital, said the findings will be reported to Coroner Walter E. McCarron this week.

## French To Begin Indo Evacuation On Wednesday

HANOI, Indochina, July 25 (AP)—The evacuation of up to one million civilians and fighting men from North Viet Nam will begin Wednesday—one day after the fighting is scheduled to stop, French officials said today.

Jacques Compain, French civilian director general in North Viet Nam, said he has been assured of 800 plane seats for civilian evacuees the first day. He said they would include 300 French and 500 Vietnamese.

By the second week in August, Compain added, he expects the program to be increased to 5,000 daily. Approximately 4,000 of these would be evacuated by ship from Haiphong to Saigon, 700 miles to the south.

Among the first scheduled to move out are the civilians and soldiers from areas west and south of Hanoi. By Aug. 11, all French Union forces west of a north-south line drawn through Hanoi must be withdrawn into a semicircle 10 miles from Hanoi.

Vietnamese civilians in the area who want to be evacuated will be moved into villages inside the semicircle and remain there until moved to Saigon, either by air or via Haiphong. Soldiers guarding the civilians will follow into the semicircle.

The semicircle is the western end of a 20-mile wide evacuation corridor extending 65 miles east to Haiphong. French and Vietnamese military units will withdraw down that corridor in progressive stages, leap-frogging one another so always to present a defensive front facing the area just cleared.

Evacuation of the Hanoi area must be completed within 80 days after the July 27 cease-fire. Twenty days later, the evacuation parade must have passed Hai Duong, midway between Hanoi and Haiphong.

## Two Children Perish In Darlington, Md., Fire

DARLINGTON, Md., July 25 (AP)—Two children died early this morning from burns suffered when one of them threw kerosene in a wood stove and flames backfired.

The victims, Joyce Little, 43, and Gary Little, 2, of Darlington, died at Johns Hopkins Hospital in Baltimore. They were rushed to Baltimore from this Harford County town after the fire broke out at 8:30 p.m. yesterday.

The flames which roared back from the woodstove started a fire that gutted the kitchen of the home of the parents, Mr. and Mrs. Sanford Little, and injured several members of the family.

## States Using Radar Report Highway Accident Rate Cut

[By The Associated Press]

Spreading use of radar for traffic control is being credited with cutting the accident rate in most of the states where it is in operation.

Virginia state police, for example, say the "Whammy," as they call it, sliced the state's fourth of July traffic death toll from 21 last year to 7 this year.

An Associated Press survey disclosed that 29 states now have radar in local or statewide use. Not one plans to drop it. Most are expanding its use.

Virtually all the 29 have been using radar to measure traffic speeds for two years or less. Colorado, Minnesota and Virginia adopted it July 1, Connecticut pioneered it eight years ago.

Long Island put it on a limited basis in 1947 and Arizona has been using it for about four years.

While radar stands up as conviction evidence in police and higher courts, one unexpected result has

## Knowland May Push His Effort To Halt Debate

### Republican Leader Concedes Failure Of Move Possible

WASHINGTON, July 25 (AP)—Freshened by their first full night's sleep in four days, senators tried new, offside efforts today to break a deadlock over atomic legislation.

There were signs both sides were ready to bargain but no immediate hope was held for a compromise in the 10-day fight which was climaxed with an almost continuous 86-hour session lasting from Wednesday morning until 11:48 p.m. EDT last night.

Conceding he may fail, Republican Leader Knowland indicated he would push his effort to close off debate shortly after the Senate reconvenes tomorrow. He would need the votes of 64 senators to invoke the cloture rule and end what both he and the White House have termed a filibuster.

The House, which completed preliminary action on the measure in its own 17½ hour marathon session Friday, meets at noon tomorrow to wrap up its work with a final series of roll call votes.

## Round-Clock Sessions Possible

But the strict rules which limit House debate do not apply in the Senate, and a resumption of round-the-clock sessions are possible for the senators unless some agreement is reached.

Knowland pleaded yesterday for some "reasonable formula" for a settlement, declared that "President Eisenhower does not ask a rubber stamp Congress." He gave no indication, however, how far he might be willing to compromise.

On the other side, Sen. Gore (D-Tenn) told newsmen "I now doubt that we can win." That comment came after Democratic Leader Lyndon Johnson of Texas had proposed a limit on debate. Most opposition to the administration bill has come from a small group of Democrats.

## Morse Blocks Johnson Move

But Gore, one of the opposition's main sparkplugs, declined to predict whether the debate might wither and die, saying "we'll have to wait and see how everyone feels on Monday."

Johnson's proposal, which would have required unanimous consent, was blocked by Sen. Morse (Ind-Ore) as last week's marathon session neared its close.

There was no indication whether Johnson or someone else would reoffer the debate limiting proposal after the argument resumes tomorrow.

The continuing wrangle appeared to have knocked out all hope of adjournment by next Saturday, long the target date for Congress to quit.

## 4 Soldiers, Pilot Die In Plane Crash

IRONTON, Mo., July 25 (AP)—Rescue workers today found the bodies of four soldiers and a civilian pilot killed in a plane which exploded and crashed in rugged hill country southwest of this Ozark community.

The crash occurred early Saturday afternoon but searchers, led by Missouri Highway Patrolman Frank Scheible, were unable to find the bulk of the wreckage and most of the bodies in the wilderness until late today.

## States Using Radar Report Highway Accident Rate Cut

been a steep cut in the number of cases taken to court by violators. As used in traffic control, the radar device is about as simple as taking a photograph. There is a unit about the size of a spotlight which shoots radio microwaves at the back of a car. The waves bounce back to a receiving and recording set in the police patrol car.

The difference in the time these waves take from patrol to speeding car to patrol again can be translated into miles-per-hour electronically and accurately. Readings are taken both on a dial and on a roll of graph paper.

The double reading furnishes both a check and a permanent record. In addition, some devices incorporate a camera which takes a picture of the suspect car and its license number.

When a speeder is detected, the operator radios to another patrol squad ahead to make the arrest or issue the warning.

## Dividend Declared By Loan Group

The Home Building and Loan Association, Inc., 19 South Liberty Street, has declared a dividend for the first half of 1954 at the rate of four per cent per annum on all savings shares.

Assets of \$302,312.17 include first mortgage loans of \$261,894.94; U. S. bonds, \$3,000 and cash, \$36,363.40.

Liabilities and capital of \$302,312.17 includes \$262,185.40 in savings shares; \$2,150, special cash account; loans in process, \$14,628.50; and \$23,025.45, reserve for contingencies.

## Cumberlander Gets Bermuda Nursing Post

Two nurses, including a Cumberlander, have accepted positions on the nursing staff of King Edward VII Hospital in Bermuda.

Miss Elizabeth Russell, daughter of Mrs. Anna McM. Russell, 507 Washington Street, and Miss Patricia Evans, Baltimore, will sail from New York today. Their new duties begin Thursday.

A graduate of Ursuline Academy, class of 1950, Miss Russell also was graduated from St. Agnes Hospital School of Nursing, Baltimore in May, 1953.

Listen to your voice as you speak, to make your words define a pleasing personality!

## Secrets Of Charm

by John Robert Powers

By talking, you not only express your thoughts and feelings, you also define your personality. A pleasant, well modulated voice characterizes a poised, happy woman; a nasal, breathy, or shrill voice suggests that you are undisciplined in thought, feeling, and control.

Listen to yourself talk. That's the way practiced public speakers, and those whose careers depend upon their voices, become expert in the use of the vocal instrument. Like learning to play the piano or the violin, you must learn to use your voice effectively.

For practice, talk to yourself or read aloud. Concentrate on making your voice resonant, your words full of feeling. Emphasize important words by speaking them louder, or by changing pitch to give color and interest that will attract your audience. Get out of that monotonous groove where every word sounds like every other!

**Careless Speech**  
Catch yourself if you're inclined to slur your words, or drop "ed" and "ing" into oblivion. This is negative speech, denoting both carelessness and lack of interest in your own words. Think what you're saying, and your voice will match your thoughts.

Being conscious of every word is an important part of good speech practice. As soon as you really start listening to yourself, you'll know if your voice is gay when your feelings are gay, and if your voice is firm when your intent is to make a point.

Others' interest in your words isn't all in what you say; there's much in how you say it. Full, vibrant tones and pleasing pitch give exciting quality to your voice, thus your words become more exciting, too.

**For Improvement**  
Practice posture exercises and

deep breathing to bring your voice out of the depths and to guard against the nasal or the shrill. Pronounce your words carefully, to show others that you are interested in, and believe in, what you are saying. Listen to others talk to detect speech habits that annoy you. Banish those habits from your own speech.

Make a private estimate of the personality of a woman whose voice is harsh and cross, as against the woman who speaks softly and pleasantly. Let your ear pick up, as you talk, the things about your own voice you could do without. Then make your words define a pleasing personality.

**YOUR MOST ATTRACTIVE VOICE**  
You can achieve an appealing, resonant, sonorous voice — one that can be a vibrant attribute to charm and success — by reading the new booklet, YOUR MOST ATTRACTIVE VOICE, which gives complete instructions on how to overcome such wearisome speaking qualities as tonelessness, dullness, and lack of proper modulation. Write to Secrets of Charm in care of this newspaper, enclosing 10c in coin, plus stamped self-addressed envelope.

## CROW'S-FEET?

How To  
Check Them!

Lanolin Plus LIQUID contains rich lanolin, some components of which penetrate your skin to do wonders for it. Used as a cleanser before retiring, then a few more drops quickly massaged in, and you'll awaken next morning to discover that a very definite miracle has happened. No feeling of skin dryness at all—and an extra softness and extra smoothness that is new. But more!

As your skin becomes softer and softer and smoother and smoother, those disturbing, premature, dry-skin crow's-feet and other tiny lines really fade. Get your bottle of Lanolin Plus Liquid today. Use it tonight. You'll be a happier woman tomorrow morning.

If you spend \$1,000, you can not get more beauty help than you get from a \$1 (plus tax) bottle of Lanolin Plus Liquid.

## Radio And Television

by John Crosby

## Some Fun From Britain

"One Minute, Please!" is a pleasantly foolish parlor game which has been played in some of the loftier parlors around New York and conceivably elsewhere

for a couple years now and has landed inevitably on television. Can't think what took it so long. Practically every other parlor game except Post Office has long since got before the cameras. (Jack Eigen tried a bit of Post Office on a Chicago television station and got himself fired for his splendid enterprise.)

Actualh, "One Minute, Please!" is an import from Great Britain where it has proved quite popular on the BBC for some years now

and it has an unmistakably British flavor. Idea is for a panelist to talk for one minute with great coherence and assurance and preferably a measure of wit on the most outlandish subjects.

One of the panelists the other night, for example, was Hermoine Gingold, the terribly British comedienne, who was asked to talk on glass blowing and without hesitation launched into the following explanation, all in a fearfully British accent:

"I have blown glass many yeas. When I am out of work, I do practically nothing else but blow glass. I blow little vases, toys and chandeliers. If you have asthma, I beg you don't take up glass blowing." And so forth, for one minute, which is longer than you think when engaged in this sort of work.

Other topics attacked by the panelists which included Alice Pearce, Ann Burr, Ernie Kovacs, Cleveland Amory, and Jimmy Cannon, were Why I Wear Sneakers ("Shoes have all sorts of pitfalls attached to them. You go places when you wear sneakers."), puppy love ("There have been many husbands treated like dogs because of puppy love."), racoon coats ("At least 200 racoons perished to send one man through Princeton."), and similar nonsense.

Not all of it was exactly piercingly witty but much of it was fun—and cleaner fun than the game we used to play in the parlor out of reach of the cameras. The art of talking absolute hogwash about something you know nothing at all about is very highly developed in this country, especially on Broadway and in Hollywood. Actors do it well. Authors are fairly good at it. Columnists—well, never mind about columnists.

But, it seems to me, if they want the real class of the field, the producers of this show would sprinkle the panel with a few Hollywood actors' agents and press

agents. I know one man who can sound off on any subject under the sun not just for one minute but for four hours without hesitation, without interruption, and without at any time marring his discourse with a single word of truth. The panel could send the rest of the panel to the seashore for the summer.

Incidentally, while my own reaction to this foolishness is fairly amiable I'm not so sure that the public is going to eat it up. It's a little specialized. I'm not entirely happy about parlor games taking over so much of television but, to me at least, it offers one ray of hope. If they get 'em all on television, they may conceivably get 'em out of the parlor and out of my life. You can always turn off a television set, but have you ever

tried turning off an actress bent on playing charades in your own livingroom? Short of shooting her there's no method of doing this.

Incidentally, there is a sort of poetic justice about this British import. The British have been devilled by American quiz shows for a good many years now—"What's My Line?" was once the most popular show on the BBC and maybe it still is—and, while the public has been passively acqui-

escent about them, the critics have pretty generally deplored them as an American waste of time. Now the British can rest assured that they are wasting some of ours—half an hour of it, to be precise, starting at 8:30 p. m. EDT on the Diamond network.

## M. M. Freeman Named Principal At Thomas High

Served Eight Years At Parsons School

PARSONS — Maurice M. Freeman, principal of Parsons High School for eight years, holding the record of the longest term served by any principal of that school, was named as principal of Thomas High and Grade School at a special board meeting Friday in Parsons.

Freeman had been earlier named as math teacher for the coming year in Parsons High School. He was selected to fill the vacancy caused when Jason Wolford, asked to be released from his appointment to that position, Wolford has been on leave of absence from Tucker County schools since last year.

In addition to his High School Principal's certificate, Mr. Freeman, has an Elementary Principal's certificate which is now required of all principals employed in Elementary schools having six teachers or more. In addition to serving as principal in Twin Branch Grade School in McDowell County for four years, he was principal of Parsons Grade School for two years and then principal of Parsons High School for eight years. He served with the U. S. Navy for four years with the rank of lieutenant commander. He is a past president of the Tucker County Principal's Association and also a past vice-president of the River City Club.

At the same meeting Mrs. Robert Burns a former teacher at Hamrick was named to teach in Parsons High School to fill the vacancy created by Mr. Freeman. She holds her Master of Arts degree in high school subjects. Mrs. Cecil Gordon of Hendricks will fill the vacancy in Hamrick for this year.

The board also approved forms which will be used for insurance bids on school buses and on coal bids. Stelman W. Harper, county superintendent of schools reported that the roof of Hamrick School is now completed.

## 4-H Week Opens Next Monday

COLLEGE PARK, Md., July 25 (AP)—The 32nd annual 4-H Club Week opens on the University of Maryland campus Aug. 2 and is expected to draw about 1,200 Maryland boys and girls.

Slogan for this year's meeting is "Friends, Fun, Freedom."

Discussion groups and assembly programs on such subjects as agriculture and home economics feature the program.

The meeting is organized under names of two Indian nations—the Algonquin and the Iroquois—which are divided into 12 tribes, each with various leaders.

The first assembly will be called Tuesday morning, Aug. 3. There will be a Vespers service the previous evening.

On the following Friday, about 70 girls will model dresses. The one judged winner of the competition will be awarded a paid trip to the national 4-H Congress in Chicago next November.

## Annual Purebred Sheep Sale To Be Held In West Virginia

Dates have been set for the annual West Virginia Breeding Ewe and Purebred Ram Sales, according to Commissioner of Agriculture, J. B. McLoughlin of Charleston.

Each year the W. Va. State Department of Agriculture, Agricultural Extension Service and Livestock Auction Markets jointly sponsor the sheep sales to furnish a profitable outlet for breeding stock.

Animals are graded into uniform lots from 5 to 30 for sale and all sheep will be dipped before leaving the yards.

Claud Underwood, marketing specialist, reports that there will be over 2,000 head of sheep offered for sale at the following auctions:

Moorefield Livestock Yards, Thursday, August 26.

Buckhannon Livestock Yards, Buckhannon, Tuesday, August 31.

Marlington Livestock Yards, Marlington, Thursday September 9.

North Caldwell Livestock Yards, Lewisburg, Saturday September 11.

Detailed information on the sales is available from the State Department of Agriculture, Charleston 5, W. Va.

James Sleeman, East Main Street, retired building contractor who has been ill at his home several weeks, is able to be out.

Joel Downey, Barnard Place, and Miss Jean Bowen, Washington Street, are home after spending the past week at Hood College, Frederick, attending a Lutheran youth conference.

## DEATHS AND FUNERAL NOTICES

WILLIAM H. VALENTINE

William Henry Valentine, 78, retired employee of the Baltimore Fidelity Warehouse Company here, died Saturday night at his residence, 318 Reservoir Avenue.

A son of the late William H. and Clara (Lutteman) Valentine, he was a member of Camp 6, Woodmen of the World. In recent years he worked for the C. D. Kenny Division Consolidated Grocers Corporation.

Surviving are his widow, Mrs. Laura (Rutherford) Valentine; a daughter, Mrs. Earl Cunningham, Wiley Ford; another daughter, Mrs. Mabel Eckert, Winter Park, Florida; a son, Herman Valentine, Brooklyn, N. Y.; three brothers, Frank A., Lewis and Henry Valentine, city; a step-daughter, Annabelle Smith, at home, and eight grandchildren.

The body is at the Hafer Funeral Home.

Services will be held tomorrow at 3:30 p. m. at the Hafer Funeral Home, with Rev. O. Ted Page, pastor of the Bedford Road Baptist Chapel, officiating. Interment will be in Mt. Hermon Methodist Cemetery.

Palbearers, all members of Mountain City Camp 6, WOW, will be Henry W. Boch, John W. Ritchie, H. Bruce Scharf, Herbert A. Smith, Sebastian and John C. German.

JAMES MITCHELL

LONA CONING — James Mitchell, 66, of Brown Avenue, Turtle Creek, Pa., formerly of here, died Saturday evening in Wilkinsburg (Pa.) Hospital.

A native of Scotland, he was a son of Robert F. Mitchell, Douglas Avenue, and the late Mary (Spir) Mitchell.

Mr. Mitchell, a retired Westinghouse employee, held membership in Georges Creek Lodge 161, AF & AM. Surviving are his widow, the former Blanche Green; two daughters, Mrs. Wayne Coyne, Buffalo, N. Y., and Mrs. Leslie Cuper, Turtle Creek, and three grandchildren.

He also leaves a brother, George Mitchell, Turtle Creek, and four sisters, Mrs. Annie Anderson, Mrs. James Moffatt, Mrs. Janet Boal and Mrs. Lucille Stakem, all of Lonaconing.

Services will be held tomorrow at 2 p. m. from the Jobe Funeral Home, Turtle Creek. Interment will be in Restland Cemetery there.

Masonic rites will be conducted today at 7:30 p. m. from the funeral home.

Sarah Kenner Is Wed To F. H. Andrews

WESTERNPORT — Miss Sarah Jeanne Kenner, daughter of Mrs. James G. Green of here, and Charles E. Kenner, Baltimore, was married to Frank Henry Andrews II, U. S. Navy, son of Mr. and Mrs. Maxwell I. Andrews, Stamford, Conn. Saturday afternoon July 3, in St. James Episcopal Church, Westernport.

The double ring ceremony was performed by the Rev. Willard G. Wilson Jr., rector.

The bride selected for her wedding a pink silk broadcloth street length dress with which she wore white accessories. Her corsage was of white rosebuds and baby's breath. She carried a white Bible with white satin streamers.

Miss Barbara Haywood of McCoolle, the bride's maid of honor and only attendant was attired in a black and white taffeta dress, white accessories and a corsage of red rosebuds.

Kenneth Smith, Luke, U. S. Navy, was Mr. Andrews, best man. The bride is a graduate of Bruce High School class of 1953 here, and is employed at the Luke Plant of the West Virginia Pulp and Paper Company.

Mr. Andrews was graduated from Stamford High School, Stamford, Conn., class of 1951. He is stationed at Oceania, Va., aboard the USS Lake Champlain.

Mrs. Andrews will continue to reside with her mother and grandparents, Mr. and Mrs. Lewis W. Adams, Westernport.

Survivors, besides Mrs. Porterfield, include a son, Lawrence P. Miller, Paw Paw.

## Funeral Service For Brotemarkle Scheduled Today

Funeral services for Paul C. Brotemarkle, 45, whose body was found Saturday night off Brice Hollow Road will be held today at 2 p. m. at the George Funeral Home.

Rev. Hixon T. Bowersox, pastor of St. Paul's Lutheran Church will officiate at the services and interment will be in Greenmount Cemetery.

Brotemarkle's body was badly decomposed when discovered by authorities who had received a report from Glendon Winters, Brice Hollow Road, that a car was parked across a dirt road in that area.

Dr. H. V. Deming, deputy county medical examiner, performed an autopsy on Brotemarkle, who lived in Apartment 7-F, Jane Frazier Village, Deming said the heavy construction operator had been missing since July 8 when he left for work with the S. T. Brotemarkle Construction Company. He died of natural causes.

Although Brotemarkle had been missing since July 8 police received no report until last Friday, when they sent out a statewide alarm.

Authorities found Brotemarkle's lunch pail still in the vehicle but could find no trace of the man at first. Further investigation disclosed Brotemarkle had walked into the thick underbrush and died. His body was badly decomposed.

A veteran of World War II, Brotemarkle is survived by his widow, Mrs. Goldie Rice Brotemarkle, four children, Mrs. Charles Brooks, Ridgeley; Sgt. FC Robert P. Brotemarkle, USA, England; Charles A. Brotemarkle and David Brotemarkle at home; a brother, C. Arthur Brotemarkle, Cumberland, and four grandchildren. His father, S. T. Brotemarkle, also survives.

He was born December 17, 1908, in Cumberland, a son of S. T. Brotemarkle and the late Thresa Rice Brotemarkle. He was a member of St. Paul's Lutheran Church.

Palbearers for the funeral will be Harold B. Sonner, Raymond E. Shircliff, Harry W. Crowe, Raymond M. Baker Jr., Albert T. Rice Jr., and John E. Price.

MRS. MARY M. HARTSFELT

HAMBLETON—Mrs. Mary Mattee Hartsfelt, 63, a native of this community, died Thursday evening at her home in DuBois, Pa., following an illness of the past several months.

Born January 15, 1891, she was a daughter of the late Levi and Emma (Speck) Matter. Her husband, Frank Hartsfelt, died five years ago.

She is survived by two daughters, Mrs. Kathryn Stormer and Louise Hartsfelt, both of DuBois; two sons, Frank, Jr., of Chicago and Allen, stationed overseas with the Navy; six brothers, Paul, Hambleton; Ross, Hendricks; Al, Greensboro, N. C.; Edward, Houston, Texas; Tobias, Washington; and Harry, of Charlotte, N. C.; and a sister, Mrs. Frank Crovo, of Washington.

Services were conducted yesterday in DuBois.

MRS. MYRTLE M. MILLER

MARTINSBURG — Mrs. Myrtle May Miller, 89, former resident, died Thursday at the home of a daughter, Mrs. Donald K. Porterfield, Goldsboro, N. C.

The widow of Rev. William H. Miller, Presbyterian minister of this section, Mrs. Miller had resided with her daughter since 1940. An invalid the past five years, Mrs. Miller died in her sleep.

Survivors, besides Mrs. Porterfield, include a son, Lawrence P. Miller, Paw Paw.

Services were conducted Saturday at Gerrardstown Presbyterian Church near here by Rev. Dr. S. R. Diehl. Palbearers, all nephews and residents of Berkeley County, were Edwin W., Douglas W., Harry T., Frank W., John M. and Henry W. Miller Jr.

## Cumberlander Gets Bermuda Nursing Post

Two nurses, including a Cumberlander, have accepted positions on the nursing staff of King Edward VII Hospital in Bermuda.

Miss Elizabeth Russell, daughter of Mrs. Anna McM. Russell, 507 Washington Street, and Miss Patricia Evans, Baltimore, will sail from New York today. Their new duties begin Thursday.

A graduate of Ursuline Academy, class of 1950, Miss Russell also was graduated from St. Agnes Hospital School of Nursing, Baltimore in May, 1953.

Listen to your voice as you speak, to make your words define a pleasing personality!

## Secrets Of Charm

by John Robert Powers

By talking, you not only express your thoughts and feelings, you also define your personality. A pleasant, well modulated voice characterizes a poised, happy woman; a nasal, breathy, or shrill voice suggests that you are undisciplined in thought, feeling, and control.

Listen to yourself talk. That's the way practiced public speakers, and those whose careers depend upon their voices, become expert in the use of the vocal instrument. Like learning to play the piano or the violin, you must learn to use your voice effectively.

For practice, talk to yourself or read aloud. Concentrate on making your voice resonant, your words full of feeling. Emphasize important words by speaking them louder, or by changing pitch to give color and interest that will attract your audience. Get out of that monotonous groove where every word sounds like every other!

### Careless Speech

Catch yourself if you're inclined to slur your words, or drop "ed" and "ing" into oblivion. This is negative speech, denoting both carelessness and lack of interest in your own words. Think what you're saying, and your voice will match your thoughts.

Being conscious of every word is an important part of good speech practice. As soon as you really start listening to yourself, you'll know if your voice is gay when your feelings are gay, and if your voice is firm when your intent is to make a point.

Others' interest in your words isn't all in what you say; there's much in how you say it. Full, vibrant tones and pleasing pitch give exciting quality to your voice, thus your words become more exciting, too.

### For Improvement

Practice posture exercises and

deep breathing to bring your voice out of the depths and to guard against the nasal or the shrill. Pronounce your words carefully, to show others that you are interested in, and believe in, what you are saying. Listen to others talk to detect speech habits that annoy you. Banish those habits from your own speech.

Make a private estimate of the personality of a woman whose voice is harsh and cross, as against the woman who speaks softly and pleasantly. Let your ear pick up, as you talk, the things about your own voice you could do without. Then make your words define a pleasing personality.

**YOUR MOST ATTRACTIVE VOICE**  
You can achieve an appealing, resonant, sonorous voice — one that can be a vibrant attribute to charm and success — by reading the new booklet, **YOUR MOST ATTRACTIVE VOICE**, which gives complete instructions on how to overcome such wearisome speaking qualities as tonelessness, dullness, and lack of proper modulation. Write to **Secrets of Charm** in care of this newspaper, enclosing 10c in coin, plus stamped self-addressed envelope.

# Yankees Win In 11th, 4-3; Ft. Cumberland Post Cops Title

## Carey's Bases Loaded Single Beats Indians

57,259 See New York Take Series Finale; Grim Bags 11th Win

NEW YORK, July 25 (AP)—Andy Carey singled with the bases loaded and the score tied in the 11th inning today for a 4-3 New York Yankee victory that slashed Cleveland's American League lead to 1½ games after the Indians had taken the first two games of the important series.

Manager Al Lopez threw four pitchers into the fray as the Yankees surged in the 11th and finally pulled it out with Carey's single past Bobby Avila in short center. The Tribe infield, naturally, was pulled in for a play at the plate.

A walk to Mickey Mantle started the Yank rally. After Ray Nerski retired Yogi Berra, Lopez called for lefty Don Mossi to face left-handed hitting Irv Noren, who singled off Mossi's glove.

Mossi, who pitched 6 2-3 innings yesterday, then walked Gene Woodling to load the bases, prompting Lopez to switch to righthander Art Houtteman.

Carey smashed Houtteman's first pitch past Avila, scoring Mantle with the big run that gave rookie Bob Grim his 11th victory for a scoreless four-inning relief job.

A big crowd of 57,259—bringing the Yanks home attendance total to 1,007,001 for 53 dates—rocked and roared as the two leading contenders fought it out toe-to-toe in their second straight extra-inning battle.

It was a brilliant battle between Mike Garcia and Whitey Ford, the Yanks' ace lefty, in the early stages. Ford was racked up for three runs in the Indians' sixth, when Vic Wertz' two-run single with the bases loaded broke up a 1-1 tie.

## Bo Sox Buy Heard

BOSTON, July 25 (AP)—The Boston Red Sox today bought the contract of pitcher Thomas Heard from Charleston of the American Association and optioned Bill Henry to the same club.

Heard, used mostly in relief, has a 6-8 record with Charleston so far this year. Henry, bothered by a sore arm and used in relief exclusively in recent games, had a 3-7 mark with the Sox.

## Dodgers Beat St. Louis, 2-1

Clem Labine Earns Verdict Over Haddix

ST. LOUIS, July 25 (AP)—Clem Labine, making his second start of the season, allowed the Cardinals just six hits today but because of ninth-inning wildness, needed help from Jim Hughes to save a 2-1 victory for the Brooklyn Dodgers over St. Louis and its star hurler, Harvey Haddix.

Manager Walt Alston picked the 28-year-old righthander because Preacher Roe needed more rest for his injured leg. The choice was good. Until the ninth the Redbirds had just four hits and threatened only once—in the fourth on successive singles by Wally Moon and Red Schoendienst. That threat was nipped by Gil Hodges who grabbed Stan Musial's grounder, stepped on first and fired the ball to Roy Campanella who tagged Moon at the plate.

Don Hoak scored both Brooklyn runs. He walked in the third, took third on a single by Pee Wee Reese and scored as Duke Snider singled to right.

In the seventh, Hoak opened with a double. A single by Reese sent Hoak to third from where he scored on Hodges' sacrifice fly.

## Umpires Assigned For County Contests

Umpiring assignments for the County Softball League this week are as follows:

TUESDAY, JULY 27:  
Potomac Valley at Stringtown, Schoenadel and Hines; Central Quick Lunch at Corriganville, Snider and Grimes; Kennell's Mill at Ellerslie, Hite and McGregor.

FRIDAY, JULY 30:  
Corriganville at Stringtown, Grimes and Wagner; Potomac Valley at Kennell's Mill, Hite and Snider; Ellerslie at Central Quick Lunch, Schoenadel and Vic Reynolds.

## Paye Clinches Legion Crown With 6-2 Win

Don Hurls 2-Hitter, Beats Fulton Myers For Fifth Triumph

LEGION JR. LEAGUE	W	L
Ft. Cumb.	12	1
Grantsville	7	5
Fulton Myers	5	7

Tuesday Games  
Midland at Ft. Cumberland  
Grantsville at Frostburg

Fort Cumberland Post won the championship of the Mountain District American Legion Junior Baseball League for the second straight year by defeating Fulton Myers Post yesterday at Stutter Field by the score of 6-2.

The victory gave the defending champions a record of 12 wins and one defeat and put them 4½ games in front of the second place Grantsville Post nine with only three more games to be played.

Thus, Fort Cumberland Post qualified for the state championship tournament scheduled for College Park, August 5, 6, 7 and 8. A tea must drop two games to be eliminated from the tourney. This year's sectional tournament will be held at Parkersburg, W. Va., the regional event will be staged at Trenton, N. J. and the national championship games are scheduled for Yakima, Washington.

Lefty Don Paye turned back Fulton Myers Post with two hits and fanned seven in yesterday's game. It was the fifth win against no losses for the portside who turned in a 4-0 record this spring for Allegany High School, co-champions of the Bi-State Inter-scholastic Conference.

Fort Cumberland put the game on ice with a four-run rally in the second inning. Fulton Myers Post was charged with five fielding miscues.

Jesse Markley went the route for Fulton Myers. He gave up seven hits, including doubles by Rodney Breedlove and Ronnie Diehl and a triple by Joe Conroy, and fanned seven. Paye issued four passes and Markley walked one.

In Saturday games, Fort Cumberland Post defeated Grantsville, 7-6, at Penn Avenue Field, and Fulton Myers Post nosed out Midland Post in a 13-inning thriller, 4-3. The winning pitchers were Bobby Lewis and Jesse Markley, the losers Toby Colaw and Gray.

## Shea Scores For Nats

WASHINGTON, July 25 (AP)—Frank (Spec) Shea finally won his first game of the season today, coasting to an 11-3 victory over Detroit as his Washington teammates ran their winning streak to six, socking four Tiger pitchers for 13 hits.

The Senators were never headed after they knocked out Ted Gray with a three-run outburst in the first inning. The Tigers narrowed the margin to 2-3 before Washington hitters unloaded a late-inning assault on the Tiger relievers.

Jerry Snyder and Tom Umphlett banged out three hits apiece to lead the Senators' attack.

## Narrows Esso Will Quit City League

Manager Charles Detrick last night announced that the Narrows Esso team has been forced to drop out of the City Softball League and will be unable to play Schute's Roofers in a game scheduled today.

Inability to sign players is given as the reason for the team withdrawing from the league.

Detrick stated that Robert E. Pence, City Recreation Department director, will be notified this morning.

Narrows Esso is the second team of eight original starters to toss in the towel. South End Merchants gave up earlier in the season.

## Raines Posts 10th In Row As Moorefield Wins, 14-5

Centerville Is Victim; Old Gees Score 20-9 Victory Over Westvaco

ALL-STATES ASSOCIATION	W	L
Moorefield	12	3
Westvaco	12	6
Centerville	10	9

Moorefield extended its lead to four games in the All-States Baseball Association race by thumping Centerville on the Pennsylvanians' diamond yesterday by the score of 14-5 while lapping the Westvaco Papermakers to the tune of 20-9 at Penn Avenue Field.

In the third game of the day, the Romney Rockets nosed out the Frostburg Demons in the Mountain City, 6-5.

Moorefield's victory was the eighth in a row as well as the 10th straight for the Legion team's ace, Bobby Raines, who is undefeated this season. Harry Oliver, who started on the peak for Centerville and was relieved by Glenn Deremer in the 4th was charged with the loss.

The league leaders amassed 15 hits, including two doubles by George Hott, a two-bagger and single by Bob Keller, a triple and one-base wallop by Warden Hott and two singles by Paul Raines. Manager Glentis Streett and John Growden shared four of Centerville's eight hits. One of Streett's blows was a triple.

Raines and Deremer fanned four batters each.

Making their hits count, the Old Germans collected 12 singles, six doubles and two triples to rout the runner-up Westvaco Club. The losers also racked up 19 safeties in the slugfest affair.

Fred Comer Gets Six  
Fred Comer was the Old Gees "big gun" with six hits in six trips. Jimmy Eckard and Ronnie Cager garnered three hits each while Bob Cook smacked a triple and two-bagger. The win was the third for Cager against a single setback.

In addition to racking up 20 hits the Old Germans obtained 11 bases on balls.

Ocie Raines sparked the Westvaco sticklers with a triple, double and two singles in five trips. Broadwater had three safeties and Tommy Donnelly connected for a two-bagger and two singles. Hubert Nicol was the losing pitcher.

Last place Romney, shook a five-game losing streak to hand the Frostburg Demons their fourth successive setback.

## Langan Belts Two Homers

Joe Ely went the route for the Rockets and three of the six hits he yielded were credited to Joe Langan who drove in four runs with a pair of homers. He hit his first round-tripper in the second and connected with two mates aboard in the third. Elrich of Frostburg and George and Joe Corbin of Romney clouted two-baggers while Ely lapped a triple for the Hampshire county nine. Lynn Kitzmiller, who supplanted Harry McFarland in the fifth, was charged with the loss when Romney won the game with a three-run outburst in the sixth. Scores:

AT PENN AVENUE FIELD:	Westvaco	AB	R	H	O	Centerville</

## M. M. Freeman Named Principal At Thomas High

Served Eight Years  
At Parsons School

PARSONS — Maurice M. Freeman, principal of Parsons High School for eight years, holding the record of the longest term served by any principal of that school, was named as principal of Thomas High and Grade School at a special board meeting Friday in Parsons.

Freeman had been earlier named as math teacher for the coming year in Parsons High School. He was selected to fill the vacancy caused when Jason Wolford, asked to be released from his appointment to that position. Wolford has been on leave of absence from Tucker County schools since last year.

In addition to his High School Principal's certificate, Mr. Freeman, has an Elementary Principal's certificate which is now required of all principals employed in Elementary schools having six teachers or more. In addition to serving as principal in Twin Branch Grade School in McDowell County for four years, he was principal of Parsons Grade School for two years and then principal of Parsons High School for eight years. He served with the U. S. Navy for four years with the rank of lieutenant commander. He is a past president of the Tucker County Principal's Association and also a past vice-president of the River City Club.

At the same meeting Mrs. Robert Burns a former teacher at Hamrick was named to teach in Parsons High School to fill the vacancy created by Mr. Freeman. She holds her Master of Arts degree in high school subjects. Mrs. Cecil Gordon of Hendricks will fill the vacancy in Hamrick for this year.

The board also approved forms which will be used for insurance bids on school buses and on coal bids. Stelman W. Harper, county superintendent of schools reported that the roof of Hamrick School is now completed.

## 4-H Week Opens Next Monday

COLLEGE PARK, Md., July 25 (AP)—The 32nd annual 4-H Week opens on the University of Maryland campus Aug. 2 and is expected to draw about 1,200 Maryland boys and girls.

Slogan for this year's meeting is "Friends, Fun, Freedom." Discussion groups and assembly programs on such subjects as agriculture and home economics feature the program.

The meeting is organized under names of two Indian nations—the Algonquin and the Iroquois—which are divided into 12 tribes, each with various leaders.

The first assembly will be called Tuesday morning, Aug. 3. There will be a Vespers service the previous evening.

On the following Friday, about 70 girls will model dresses. The one judged winner of the competition will be awarded a paid trip to the national 4-H Congress in Chicago next November.

## Annual Purebred Sheep Sale To Be Held In West Virginia

Dates have been set for the annual West Virginia Breeding Ewe and Purebred Ram Sales, according to Commissioner of Agriculture, J. B. McLoughlin of Charleston.

Each year the W. Va. State Department of Agriculture, Agricultural Extension Service and Livestock Auction Markets jointly sponsor the sheep sales to furnish a profitable outlet for breeding stock.

Animals are graded into uniform lots from 5 to 30 for sale and all sheep will be dipped before leaving the yards.

Claud Underwood, marketing specialist, reports that there will be over 2,000 head of sheep offered for sale at the following auctions: Moorefield Livestock Yards, Thursday, August 26.

Buckhannon Livestock Yards, Buckhannon, Tuesday, August 31.

Marlinton Livestock Yards, Marlinton, Thursday September 9.

North Caldwell Livestock Yards, Lewisburg, Saturday September 11.

Detailed information on the sales is available from the State Department of Agriculture, Charleston 5, W. Va.

## Frostburg Personals

James Sleeman, East Main Street, retired building contractor who has been ill at his home several weeks, is able to be out.

Joel Downey, Barnard Place, and Miss Jean Bowen, Washington Street, are home after spending the past week at Hood College, Frederick, attending a Lutheran youth conference.

Don Smith, McCulloch Street, a Cumberland News carrier, is home after spending three weeks in Cleveland, Ohio, visiting relatives.

Members of her installing staff were Mrs. D. E. Crosten as deputy marshal; Mrs. O. G. Hovatter as deputy warden; Gay M. Nestor as deputy secretary; Howard Loughry as deputy chaplain and Mrs. Fontz Jones as inside guardian.

Other new officers installed are Mrs. Amer Loughry as vice grand; Mrs. Stark Johnson as secretary; Mrs. Gay Nestor as treasurer.

Appointive officers also installed Mrs. Morris Harsh, chaplain; Mrs. A. W. Agee, warden; Mrs. William Pennington, conductor; Mrs. D. E. Crosten, colorbearer; Mrs. E. J. Booth, musician; Mrs. I. E. Kee, right supporter to noble grand; Mrs. William L. Pratt, left supporter to noble grand; Mrs. M. W. Phillips, and Mrs. Frank Painters, left and right supporters to vice grand; Mrs. M. C. Flanagan, inside guardian and Miss Adah, outside guardian.

## Hyndman Personals

Mr. and Mrs. Donald Goodwin and family, Pittsburgh, visited Mr. and Mrs. C. E. Bush and Mrs. Helen Goodwin.

Mr. and Mrs. Cris Stoner announced the birth of a daughter recently in Memorial Hospital, Cumberland. Mrs. Stoner was the former Miss Myrtle Jean Falt and Mr. Stoner is a member of the Hyndman High School faculty.

Roger Delozier returned home after spending two weeks with Mr. and Mrs. Elbert Rider in Berkeley Springs, W. Va.

Mrs. Virginia Bayman, Arlington, Va., visited her parents Mr. and Mrs. R. K. Clapper.

Danny Evans, Cleveland, is spending some time with his grandmother Mrs. Arthur Coughenour.

Mr. and Mrs. Dennis Harbert announced the birth of a daughter in Memorial Hospital.

Mrs. Clifton Beal underwent an operation in Memorial Hospital, Cumberland on Thursday.

Mrs. Blanche Wills of Buffalo Mills, Pa., was a recent guest of Mrs. Nettie Evans.

Ray Coughenour, Arlington Hall, Arlington, visited his parents Mr. and Mrs. Russell Coughenour.

Mr. and Mrs. William Jordan and son Billy and Charles Hyre are vacationing at Rehoboth Beach, Del.

Mr. and Mrs. Gerald Miller and son of Troy, Texas visited the former's father Orville Miller.

Mr. and Mrs. Elbert Rider of Berkeley Springs spent the weekend at the home of Adam Seignor.

Recent guests of Mr. and Mrs. Adam Bruck, were Mr. and Mrs. Wallace Kilroy and son Springfield, Pa.

## Hampshire Countian Wins FFA Contest

JACKSON'S MILL, W. Va., July 25 (AP)—Eldon Shingleton of Capon Bridge, Hampshire County, won the 25th annual public speaking contest sponsored by the West Virginia chapter of the Future Farmers of America here last night.

The contest was held in conjunction with the annual leadership conference of the state FFA. Shingleton, whose topic was "Our Darkened Skies," will represent the state at the district FFA public speaking contest Aug. 3 at Charles Town, W. Va., competing with Maryland and Delaware winners.

Other winners Saturday were Richard Acherman, Arthurdale, second; Gordon Short, Troy, third; and Jack Laing, Lewisburg, fourth.

## Rep. Staggers Will Speak At Hartman Reunion

PETERSBURG — The annual Hartman reunion will be held August 1 at the Old Reunion Grounds, two miles above Franklin, W. Va. Congressman H. O. Staggers will be guest speaker at 11 a. m. EST.

The Phares reunion will be held at Seneca Park, Mouth of Seneca, Sunday, August 1, commencing at 10 a. m.

The annual Keplinger reunion was held at the Fout Memorial EUB Church, Maysville, yesterday.

The Alt and Kimble reunion was held at the Old Judy Church on Sunday.

The Smith and Carr families will hold their reunion at the Davis Baptist Church, Sunday, August 1. The Sites reunion will be held at Camp Echo, Grant County 4-H Camp on Sunday, August 8.

## 11 Girl Scouts Complete Home Nursing Course

LUKE—Eleven Girl Scouts of the Tri-Towns who completed the nursing course taught by Mrs. Mary Bartlett, of Sacred Heart Hospital, Cumberland, received their Red Cross certificates at a supper meeting held recently at the home of Mrs. James Poland, Mullen Avenue.

Those receiving certificates include Sally Ann Lyons, Mary Clare Dailey, Florence Tinsley, Judith Stakem, Nancy Fazanbaker, Judith Ord, Beverly Bryan, Jackie Kay Scarcelli, Sandra Haywood, Mrs. Virginia Poland and Martha Myers.

Others present were Mrs. Bartlett, Alice Bartlett, Mrs. Walter Fazanbaker, Mrs. Mary Ord, Mrs. Robert Bryan, Mrs. Janet Boal and Mrs. Verda Haywood.

## Sarah Kenner Is Wed To F. H. Andrews

WESTERNPORT — Miss Sarah Jeanne Kenner, daughter of Mrs. James G. Green of here, and Charles E. Kenner, Baltimore, was married to Frank Henry Andrews II, U. S. Navy, son of Mr. and Mrs. Maxwell L. Andrews, Stamford, Conn. Saturday afternoon July 3, in St. James Episcopal Church, Westernport.

The double ring ceremony was performed by the Rev. Willard G. Wilson Jr., rector.

The bride selected for her wedding a pink silk broadcloth street length dress with which she wore white accessories. Her corsage was of white rosebuds and baby's breath. She carried a white Bible with white satin streamers.

Miss Barbara Haywood of McCoolle, the bride's maid of honor and only attendant was attired in a black and white taffeta dress, white accessories and a corsage of red rosebuds.

Kenneth Smith, Luke, U. S. Navy, was Mr. Andrews, best man. The bride is a graduate of Bruce High School class of 1953 here, and is employed at the Luke Plant of the West Virginia Pulp and Paper Company.

Mr. Andrews was graduated from Stamford High School, Stamford, Conn., class of 1951. He is stationed at Oceania, Va., aboard the USS Lake Champlain.

Mrs. Andrews will continue to reside with her mother and grandparents, Mr. and Mrs. Lewis W. Adams, Westernport.

## DEATHS AND FUNERAL NOTICES

WILLIAM H. VALENTINE

William Henry Valentine, 78, retired employee of the Baltimore Fidelity Warehouse Company here, died Saturday night at his residence, 318 Reservoir Avenue.

A son of the late William H. and Clara (Lutteman) Valentine, he was a member of Camp 6, Woodmen of the World. In recent years he worked for the C. D. Kenny Division Consolidated Grocers Corporation.

Surviving are his widow, Mrs. Laura (Rutherford) Valentine; a daughter, Mrs. Earl Cunningham, Wiley Ford; another daughter, Mrs. Mabel Eckert, Winter Park, Florida; a son, Herman Valentine, Brooklyn, N. Y.; three brothers, Frank A. Lewis and Henry Valentine, city; a step-daughter, Annabelle Smith, at home, and eight grandchildren.

The body is at the Hafer Funeral Home.

Services will be held tomorrow at 3:30 p. m. at the Hafer Funeral Home, with Rev. O. Ted Page, pastor of the Bedford Road Baptist Chapel, officiating. Interment will be in Mt. Hermon Methodist Cemetery.

Pallbearers, all members of Mountain City Camp 6, WOW, will be Henry W. Boch, John W. Ritchie, H. Bruce Scharf, Herbert A. Smith, Sebastian and John C. German.

JAMES MITCHELL

LONACONING — James Mitchell, 66, of Brown Avenue, Turtle Creek, Pa., formerly of here, died Saturday evening in Wilkingsburg (Pa.) Hospital.

A native of Scotland, he was a son of Robert F. Mitchell, Douglas Avenue, and the late Mary (Speir) Mitchell.

Mr. Mitchell, a retired Westinghouse employee, held membership in Georges Creek Lodge 161, AF & AM. Surviving are his widow, the former Blanche Green; two daughters, Mrs. Wayne Coyne, Buffalo, N. Y., and Mrs. Leslie Cuper, Turtle Creek, and three grandchildren.

He also leaves a brother, George Mitchell, Turtle Creek, and four sisters, Mrs. Annie Anderson, Mrs. James Moffatt, Mrs. Janet Boal and Mrs. Lucille Stakem, all of Lonaconing.

Services will be held tomorrow at 2 p. m. from the Jobe Funeral Home, Turtle Creek. Interment will be in Restland Cemetery there.

Masonic rites will be conducted today at 7:30 p. m. from the funeral home.

## Sarah Kenner Is Wed To F. H. Andrews

WESTERNPORT — Miss Sarah Jeanne Kenner, daughter of Mrs. James G. Green of here, and Charles E. Kenner, Baltimore, was married to Frank Henry Andrews II, U. S. Navy, son of Mr. and Mrs. Maxwell L. Andrews, Stamford, Conn. Saturday afternoon July 3, in St. James Episcopal Church, Westernport.

The double ring ceremony was performed by the Rev. Willard G. Wilson Jr., rector.

The bride selected for her wedding a pink silk broadcloth street length dress with which she wore white accessories. Her corsage was of white rosebuds and baby's breath. She carried a white Bible with white satin streamers.

Miss Barbara Haywood of McCoolle, the bride's maid of honor and only attendant was attired in a black and white taffeta dress, white accessories and a corsage of red rosebuds.

## Funeral Service For Brotemarkle Scheduled Today

Funeral services for Paul C. Brotemarkle, 45, whose body was found Saturday night off Brice Hollow Road will be held today at 2 p. m. at the George Funeral Home.

Rev. Hixon T. Bowersox, pastor of St. Paul's Lutheran Church will officiate at the services and interment will be in Greenmount Cemetery.

Brotemarkle's body was badly decomposed when discovered by authorities who had received a report from Glendon Winters, Brice Hollow Road, that a car was parked across a dirt road in that area.

Dr. H. V. Deming, deputy county medical examiner, performed an autopsy on Brotemarkle, who lived in Apartment 7-F, Jane Frazier Village. Deming said the heavy construction operator had been missing since July 8 when he left for work with the S. T. Brotemarkle Construction Company. He died of natural causes.

Although Brotemarkle had been missing since July 8 police received no report until last Friday, when they sent out a statewide alarm.

Authorities found Brotemarkle's lunch pail still in the vehicle but could find no trace of the man at first. Further investigation disclosed Brotemarkle had walked into the thick underbrush and died. His body was badly decomposed.

A veteran of World War II, Brotemarkle is survived by his widow, Mrs. Goldie Rice Brotemarkle, four children, Mrs. Charles Brooks, Ridgeley; Sgt. FC Robert P. Brotemarkle, USA, England; Charles A. Brotemarkle and David Brotemarkle at home; a brother, C. Arthur Brotemarkle, Cumberland, and four grandchildren. His father, S. T. Brotemarkle, also survives.

He was born December 17, 1908, in Cumberland, a son of S. T. Brotemarkle and the late Mrs. Rice Brotemarkle. He was a member of St. Paul's Lutheran Church.

Pallbearers for the funeral will be Harold B. Sonner, Raymond E. Shirliff, Harry W. Crowe, Raymond M. Baker Jr., Albert T. Rice Jr., and John E. Price.

MRS. MARY M. HARTSFELT

HAMBLETON—Mrs. Mary Ma-teer Hartsfelt, 63, a native of this community, died Thursday evening at her home in DuBois, Pa., following an illness of the past several months.

Born January 15, 1891, she was a daughter of the late Levi and Emma (Speck) Matter. Her husband, Frank Hartsfelt, died five years ago.

She is survived by two daughters, Mrs. Kathryn Stormer and Louise Hartsfelt, both of DuBois; two sons, Frank, Jr., of Chicago and Allen, stationed overseas with the Navy; six brothers, Paul, Hambleton; Ross, Hendricks; Al, Greensboro, N. C.; Edward, Houston, Texas; Tobias, Washington; and Harry, of Charlotte, N. C.; and a sister, Mrs. Frank Crovo, of Washington.

Services were conducted yesterday in DuBois.

MRS. MYRTLE M. MILLER

MARTINSBURG — Mrs. Myrtle May Miller, 89, former resident, died Thursday at the home of a daughter, Mrs. Donald K. Porterfield, Goldsboro, N. C.

The widow of Rev. William H. Miller, Presbyterian minister of this section, Mrs. Miller had resided with her daughter since 1940. An invalid the past five years, Mrs. Miller died in her sleep.

Survivors, besides Mrs. Porterfield, include a son, Lawrence P. Miller, Paw Paw.

Services were conducted Saturday at Gerrardstown Presbyterian Church near here by Rev. Dr. S. R. Diehl. Pallbearers, all nephews and residents of Berkeley County, were Edwin W. Douglas W. Harry T. Frank W. John M. and Henry W. Miller Jr.

Mrs. Miller will continue to reside with her daughter, Mrs. Porterfield, Goldsboro, N. C.

## Asthma Victim Taken By Death

THOMAS — Edward Franklin Pate, 60, died Saturday night at the home of Mrs. G. E. Mosser, Canaan Heights.

During the recent tornado which struck Thomas, the roof of Pate's home was torn off by the wind.

A victim of asthma, it was necessary for Mr. Pate to remain in an oxygen tent most of the time and he was taken to the Mosser residence in Canaan Heights.

A retired coal miner, Mr. Pate had also served as city water superintendent.</

SAYS TELEVISION INDUSTRY IS MODERN GOLD RUSH FOR MANY

"All over America men are working in dead-end jobs without a future... with little hope of getting ahead," says Harvey Emerson, vocational director of a nationally known TV Training Institution. "No matter how hard they work they just seem to stay in the same place, with little or no appreciation or compensation for their efforts."

Mr. Emerson, who has written a widely read illustrated brochure entitled, "How To Make Good in Radio-Television," reveals that "Today the greatest opportunity to grow rich and prosperous awaits any man who is willing to stretch out his hand... who is willing to make a sincere effort to better himself."

Hundreds of jobs are waiting throughout the nation for trained, qualified Television Technicians. Every day more and more firms are seeking men with "know-how" for immediate placement at above average salaries.

Through a startling new training plan men interested in Television learn this fascinating new field right in their own home, in their spare time, without giving up their present employment—and no previous experience is necessary.

What's more, a complete high school or college education is not required, as many men make good money in this field with as little as eighth grade schooling. One of the amazing features of this wonderful new plan is the ability of so many men to earn this substantial extra cash within just a few weeks, doing minor repairs and installations.

"Many men like to tinker with their autos, repair the family washing machine or do odd mechanical jobs for the neighbors without charge. These same men should turn this mechanical ability into big money on the job, or in their own business, in the Television field," says Emerson.

The entire new plan is outlined in the popular illustrated brochure entitled "How To Make Good in Radio-Television." This brochure can be read in 30 minutes—yet it has changed the lives of many in just 30 days. If a man cares anything at all about his future and is sincerely interested in getting into the Radio-Television industry, he is urged to send for this free brochure at once. No cost—no obligation. This offer available to men only—age 18 to 55. The reader should write at once to "TV Opportunity" Box 4600, News-Times Cumberland, Md.

## Power Politics And Suez Canal

Power politics may be an ugly game, but nations playing it have a big advantage over nations refusing to play. Russia is playing it. Whether the United States is playing it isn't always clear. But what other way is there of preventing new Russian breakthroughs? Wherever Western power is withdrawn, Russian power exerts increased pressure.

Since World War II there have been many examples of this process in action. Japanese power was out of the picture. British and Dutch power was weakened in Asia. Wartime American power in the Pacific was deflated.

So Moscow-linked Communists took over China and half of Korea, Tibet and Indochina, and are exerting strong pressure elsewhere. In Europe, with German power out of the picture, Russian power overflooded into Romania, Bulgaria, Hungary, Poland, Czechoslovakia, parts of Germany and Austria, and still presses outward.

The end of the process is not in sight. British power moved out of Greece with no fatal consequences because American power filled the void, and also because Yugoslavia became a bulwark against Russian power instead of a channel through which it could advance. British power moved out of Palestine. Spain and Greece are agitating to get British power out of Gibraltar and Cyprus.

In the immediate future, British power may leave the Suez Canal Zone. The departure of 80,000 first-rate British troops could seriously weaken the Middle East. Russian power has always aimed toward the Middle East as the route to India and Africa. Until now, there has always been enough British, French or German power there to block her.

## These Days

By George E. Sokolsky

### The Foundations

It is not generally discussed but one of the reasons for the proliferation of foundations is the tax structure of our country. Many businesses, whose development cost blood, sweat and tears—to use a phrase—would have to go out of existence or be reduced by the sale of valuable properties, to meet inheritance taxes. To protect the continuity of the property, it is advantageous to give it to a foundation, the heirs working for a salary. They would not be better off if they continued to own the otherwise dissipated property.

Also, when a man has worked hard, used his skill and ingenuity to a maximum, accumulated a property which he cannot hand over to his heirs, he sets up a foundation during his life-time and uses his surplus for what he believes are good works.

When we think of foundations, the names Rockefeller, Carnegie, and Ford come to mind. These were set up by men who are now dead. The Sloan-Kettering Foundation, which is doing so much in cancer research, has been set up by men who are alive. Altogether there are between 6,000 and 7,000 foundations in the United States, of varying dimensions, with capital resources of \$7,500,000,000 and with annual grants amounting to at least \$300,000,000 to a number of causes. The reason the figures are estimates is that all the facts about foundations are not known.

Two committees of Congress started investigations into the nature and operations of foundations with unsatisfactory results. The Cox Committee died on the vine when its chairman, Eugene Cox, became ill and passed on; the Reece Committee, headed by Representative Carroll Reece, became involved in extraneous matters and its report is still awaited.

The Reece Committee set out to do four things:

"1. To secure a full understanding of the ground covered by the Cox Committee as disclosed in the hearings it held, the files it maintained, and the report it rendered.

"2. To determine the dimensions of the subject to be investigated and studied, and to satisfy myself, (Norman Dodd, director of research) as to its contents and its probable ramifications.

"3. To define the words: foundation, un-American, subversive, political, and propaganda, in the sense in which they are used in H. Res. 217 and, if possible, dispose of their controversial connotations.

"4. To familiarize myself (Norman Dodd) with the expressions of purpose customarily used in foundation charters."

Naturally, in the present atmosphere in Washington, it hopped on to point 3 and bogged down on it because it became involved in hopeless controversy, particularly when a so-called expert was called upon to identify a few sentences from the "Rerum Novarum." I believe, and lacked the common sense to refuse to identify sentences taken out of context without being shown the document from which the sentences were read. It is an old trick to read something from the Bible, the Declaration of Independence and the Constitution to support some form of radicalism. To use the "Rerum Novarum" or the "Quadragesimo Anno" to prove that a pope supported Marxian ideas is nonsense because no encyclical of any pope of the Roman Catholic Church ever supported Marxism.

Norman Dodd gives the following definition for "un-American and Subversive:"

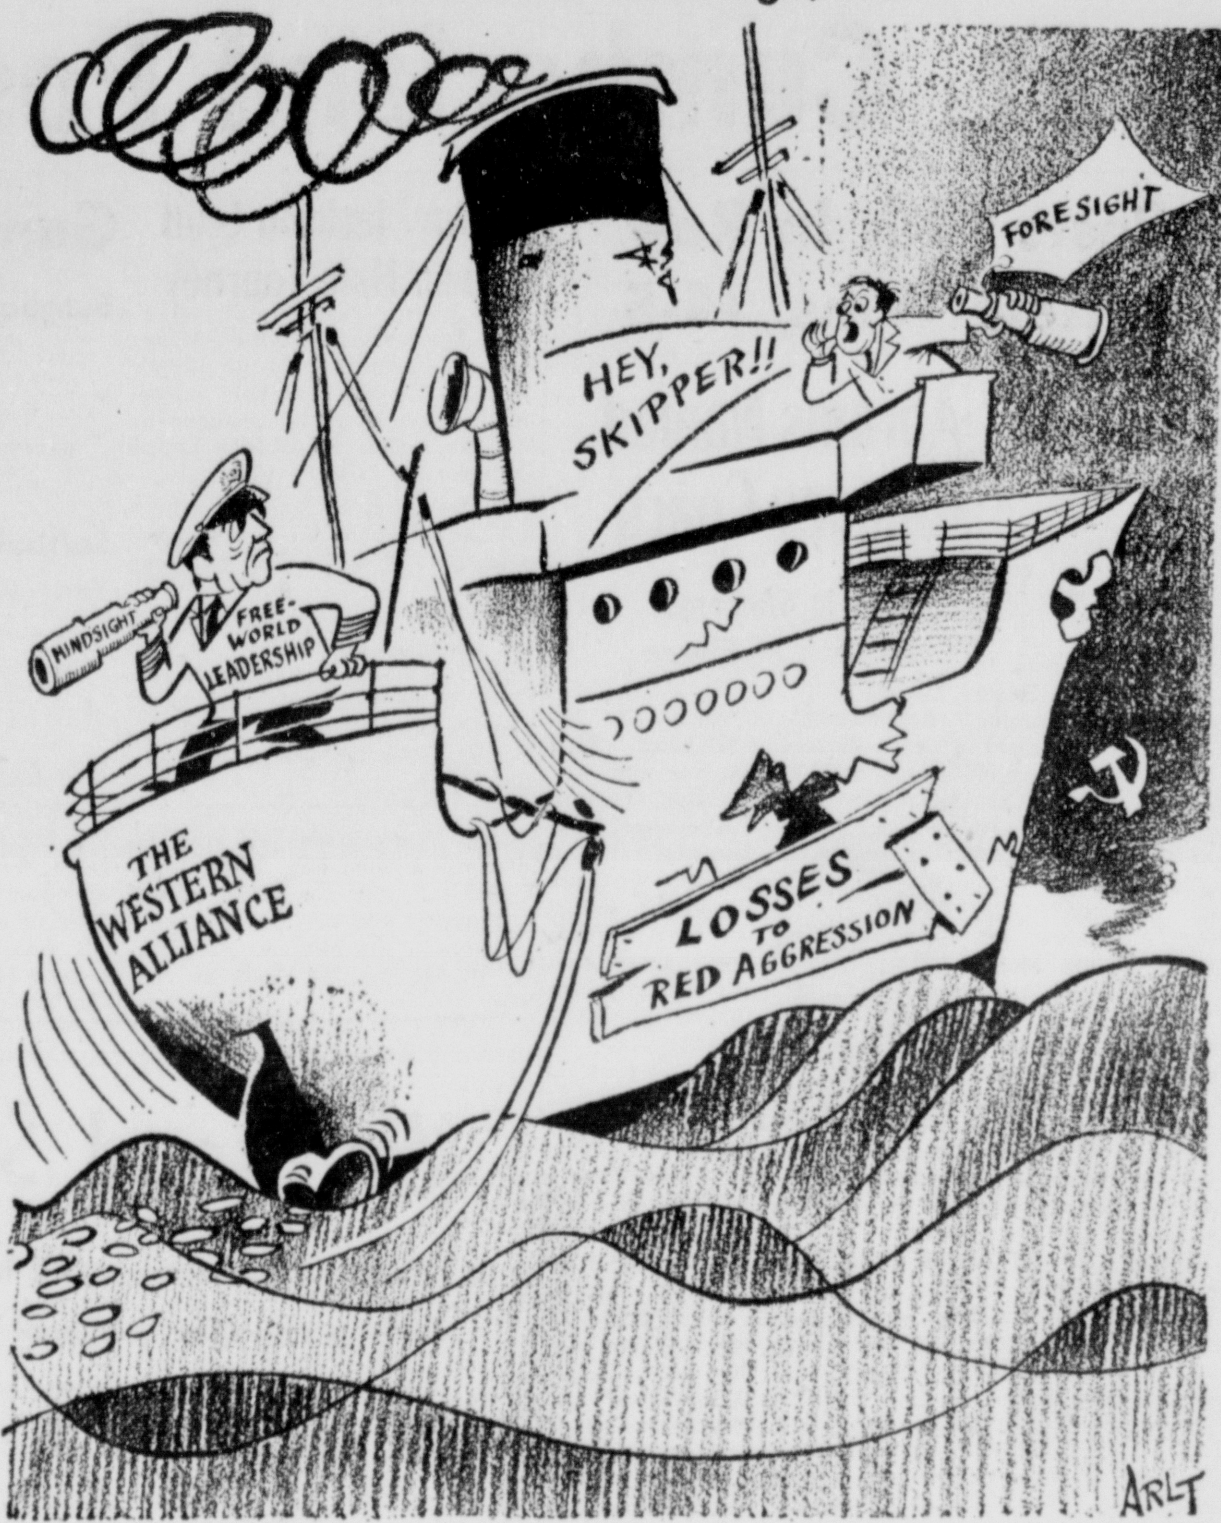

"Any action having as its purpose the alteration of either the principle or the form of the United States Government by other than constitutional means. (This definition is derived from a study of this subject made by the Brookings Institute . . .)"

This definition is too narrow. Suppose an agent of a foreign government, while accepting and supporting the Constitution, penetrates into an official position, obeys all the rules and regulations, but gives to his activities a twist which harms the United States. I will cite the Aesopian phrase, "Agrarian Reformers," invented by Communists to confuse the American people and to twist American policy to be favorable to the Chinese Communists. Surely this does not involve an unconstitutional act; it is simply a lie, knowingly repeated until it is believed by important persons who can affect public opinion or public policy.

It would seem to be that no worthwhile investigation of the foundations can be made to fit inadequate definitions. If a committee of Congress wants to investigate the foundations, it should first get the facts and then evaluate them from the data, not from a set of definitions.

## Back To The Bridge, Man!

## Total Peril For U. S. Is Due To Begin In Few Years

By Joseph And Stewart Alsop

WASHINGTON — In the year, 1960, by the agreed estimate of the Pentagon's official analysts, the Soviet Union will fly its first intercontinental ballistic missile.

That sentence may sound innocent enough, but it is not. The intercontinental ballistic missile, or IBM as the experts call it, will be an accurately guided rocket, comparable to a giant V-2, capable of carrying a hydrogen warhead over a range of 4,000 to 5,000 miles.

Such a weapon will marry the ultimate in destructiveness with the ultimate in striking power. There will be no defense against this ultimate weapon, nor any warning of its coming. And this is what the most highly qualified American experts now expect the Kremlin to possess within six short years.

It must be noted, furthermore, that our official experts have consistently under-rated Russian weapons development. In every major case from the atomic bomb down to the new long range jet bombers, the Soviet developers have always beaten the American official forecast by at least two years.

There are no reasons to suppose our forecasters are not making the same mistake all over again. There are also many reasons why they may be wrong.

In the guided missile art, great strides have recently been made towards solutions of the two most knotty problems, accurate guidance and atmospheric re-entry. The Soviets are in a good position to take advantage of this forward movement.

### Russian Technology Superior

Since the end of the last war, they have been working all-out to get a long range guided missile, with the most massive human and material resources going into the effort. In this particular field, moreover, the Russians began with a technology and even a manufacturing capacity superior to ours.

Here in America, by contrast, we have not been going all-out. Even today, the total budget of our ATLAS project is reported not to

exceed \$50,000,000, and this and other guided missile projects are completely entangled in Pentagon tape. At present, the National Security Council is ponderously mulling over the question whether to make an all-out effort. But for the usual budgetary reasons, the NSC's answer is just as likely to be "no" as "yes."

In short, it seems entirely possible that the Kremlin will possess the ultimate weapon before we possess it.

Maybe it is foolish to be insistent about such unwelcome facts. Last

week, Sen. Stuart Symington of Missouri made a brilliant speech on this subject. With all the authority of a man who knows the American defense picture from the inside, Symington warned of the danger described in the present report. His speech, though thoroughly factual as well as grimly ominous, received far less attention than the most recent diodes of the McCarthy Committee.

Many people in this country are not interested in the facts of life and death, which the administration so sedulously conceals from

## Baering Down On The News

By Arthur "Bugs" Baer

Reason why Congress is so anxious to get away from Congress is excursion tickets are invalid after the first Monday in November.

Everything is up for grabs when the frisk is on the pumpkin and the leaves turn to gold.

That's about all that's left of that expensive color. We are proud to state this Congress more than held its own in giving things away.

New York State Democrats started something fresh with a postcard poll of scheduled affairs. They mailed 150,000 cards to enrolled voters in various hideaways in disrupted precincts.

This is not the kind of mail that must go through sleet of night, darkness and storm and dissension. This is the sort of billet doux that stirs all those things up.

It's a modern idea of doorbell ringing with the postman knocking himself out twice.

Just got one from my congressman-at-loose showing souvenir silhouette of the capitol office

building. It says, "This is my room. Wish I was there."

One from Senator Duffridde shows him playing shuffleboard with high silk hats in an off-beat lobby. It says, "The bathing is wonderful here. Nothing like a shower of white-wash at investigation temperature."

Here's another from Representative Goggsyway looking out of the sky porthole in the Washington Monument. He says, "I know that by constituents will not let me down."

None of these mugs are going to get so famous they will ride to hounds with the equestrian statues of Grant, Sheridan and Lee. But it's a nice living, the hours are nutritious and your laundry is franked.

The day has registered where defeated politicians will demand a recount of postcards.

And what has a postcard candidate got to lose? He can only be beaten by a letter carrier's strike. (Distributed by INS)

## Diseased, Uncooked Turkeys Dumped On Market; Endanger Handlers' Health

By Drew Pearson

WASHINGTON — It has been carefully covered up, but a shocking scandal lies behind the outbreak of "parrot fever" in Texas. Inside story is that diseased turkeys, which caused the epidemic, have been dumped on the market, endangering those who handle them.

One 60,000-pound shipment, rejected by the Army, was later sold for civilian consumption. Public Health authorities have traced other shipments all the way to Boston, Philadelphia and New Orleans. Though packed in ice, some of these turkeys were still found to be carrying live "parrot fever" virus — the same virus that has already caused one known death in Texas.

While they constitute no danger once cooked, they are a danger to those who pluck or dress them. Meanwhile, when Dr. B. C. Pier, chief of poultry inspection in the Agriculture Department, complained of lax inspection methods he was promptly removed from duty.

On June 1, Pier wrote a confidential memo to his chief, W. D. Termohlen, director of the Poultry Division: "We feel that during the past year the efficiency of the poultry-inspection service has deteriorated markedly," he said. "This is evidenced by reports from canners and others who purchase inspected eviscerated poultry that it has not been properly prepared as ready-to-cook poultry. There is a widespread feeling in the inspection service that efforts to carry out a sound program will not receive backing if the industry objects. Many supervisors and inspectors have become extremely discouraged in their efforts . . ."

For his memo, Pier was summarily removed as inspection chief and replaced by Dr. Roy E. Willie, whose first act was to inform employees that he "wanted to be fair to the industry."

Pier was given a fancy but meaningless assignment in charge of state inspection programs. Since few states have inspection programs, this puts Pier in a spot where he cannot bother the industry.

Actually, the inspection of poultry is under both the Agriculture Department and the Food and Drug Administration of the Department of Health, Education and Welfare. Strictly speaking, the Agriculture Department is supposed to "grade" poultry. However, since the funds of the Food and Drug Administration have been cut so low by GOP Congressman Taber of New York and Busby of Illinois that they can inspect factories only once every 12 years, Agriculture inspects as well as grades.

Only 20 per cent of the nation's poultry plants are government-inspected, and the companies, not the government, pay inspectors' salaries. In return they get the benefit of the "U.S. Government Inspected" stamp; but since they pay the salaries, inspectors naturally lean toward those who foot the bill.

### Shocking Conditions

As a result of these lax methods and lack of funds, official reports received at the Agriculture Department reveal the following unpleasant, unpalatable, but unescapable facts:

1. Diseased poultry, often covered with sores and swellings, are thrown indiscriminately on the market. The blemishes are simply cut off, and the diseased parts are often sold in fancy packages, offering ready-to-cook drumsticks, breasts and other featured parts.

2. The poultry companies that submit to inspection are constantly nagging the Agriculture Department to lower its standards. This industry pressure was what finally

caused Chief Pier to complain that his poultry service had "deteriorated markedly." But instead of cracking down on the industry, the Agriculture Department cracked down on Pier.

### Parrot Fever Hits

The psittacosis or "parrot fever" epidemic struck Texas poultry plants in May, sweeping through the employees. More than 300 cases were reported, including one death. First hit were Corsicana Poultry of Corsicana, Producers Produce of Lampasas, Swift & Co. of Tyler, and Market Produce of Brady.

Veterinarians quickly traced the disease to sick turkeys. Most of the plants did not close down, but continued to ship turkeys to market from the sick flocks. This has been proved by Public Health authorities who have found Texas turkeys, packed in ice but still infected with psittacosis, 2,000 miles away in Boston and Philadelphia. Another shipment has been traced to New Orleans.

Here is one confidential report made by Field Inspector S. B. Donelson after checking on the Producers Produce plant at Lampasas, Tex.

"On or about May 4, 1954, a sick flock of turkeys was processed at the plant," Donelson informed Washington. "I started work there May 12, 1954, at which time some of the employees were ill. Others became ill within the next week or two, until 26 of the 65 employees were affected. There have been two relapses among the 26. The plant did not close due to this outbreak."

The Army, worried about the health of its GIs, rejected two cartons of turkeys from Market Produce of Brady, Tex. The plant then turned round, sold the same 60,000 pounds to civilian buyers. When queried by this column, a company spokesman admitted reselling the rejected turkeys but claimed the Army was being overcautious in turning them down.

This column will publish more about the way in which the Agriculture Department has bowed to the industry.

## 1954 Crop Outlook

By Roger W. Babson

BABSON PARK, Mass. — The remarkable fecundity of America's farm lands will be graphically demonstrated again this year, if weather and other crop conditions continue favorable. My survey of the over-all picture indicates that the total output of all crops will be only moderately under the world record established in 1948.

### Wheat Misses Mark

For only the second time in 11 years, 1954 wheat production may fail to exceed 1,000,000,000 bushels. Although the winter crop — now about harvested — has done well, with an indicated crop of around 750,000,000 bushels, black stem rust has hit the spring crop in the Dakotas and Minnesota, cutting yields down in that territory. However, I forecast adequate total supplies. I predict also that sizable amounts will enter storage under government loans. This could result in temporary higher prices later on.

Prospects for most of the other grains are quite promising. I expect output of oats to hit a record high of over 1,500,000,000 bushels. The flax seed crop may be the second largest on record, and the hay crop the third largest. A big barley crop and a sizable ryegrass crop also are indicated. This is a favorable development for cattle, hog, and poultry raisers. Incidentally, I predict that the number of cattle and hogs on farms next January 1 will be relatively large.

### Bumper Corn, Soybean Crops

Corn farmers really went to town at planting time last spring; in fact, they planted nearly a half million acres more than planned in the March intentions. The second largest crop on record is currently indicated; but what the final return will be remains to be seen. Much depends upon the weather between now and harvest time. With the hog-corn ratio still at favorable levels, a large corn crop could be profitable for hog producers.

I have long been intrigued by soybeans—one of the nation's most versatile crops, with a phenomenal growth curve in recent years. I should not be surprised if farmers put more acreage into soybeans this year than ever before, because of diversion of acreage from crops under allotment programs, attractive prices, and favorable planting conditions. This could mean a large crop and downward

pressure on soybean prices at harvest time.

### Cotton, Other Fall Crops

Heavy supplies of U. S. cotton would have glutted markets and severely depressed prices during the past year had it not been for government loans. Yet, the basis has been laid for an improved statistical position in the 1954-1955 season. Cotton farmers more than complied with the government's rigid control program. Acreage in cultivation on July 1 was sharply under a year ago and the 10-year July 1 average. Total supplies, nevertheless, will be sizable, but prices will be well propped at 90 per cent of parity.

Other fall crops, with the exception of potatoes, promise to be in large supply. Potatoes, however, should be in good balance with requirements, barring further damage to the Maine crop. Baked beans lovers can look forward to full pots. Rice pudding devotees also have nothing to worry about, since a record output of this grain is indicated. Production of sugar beets this year is likely to be far above the 10-year average. This will further complicate the problem of a world over-supply of sugar; but U. S. prices may be well controlled by the federal import quota program.

### Price Supports, Farm Income

The government's price support program will have to be revamped. Under the present system, farm surpluses have mounted to fantastic levels at the taxpayers' expense. While it will require a high degree of political courage to do the right thing, I believe that we are on the way. If farm price supports are to continue, they certainly should be directly geared to the size of the crops produced. This means a flexible system, which is the only thing that makes sense.

As far as farm income is concerned, I believe that the 1955 outlook is favorable. Although there may be a slight decline as compared with 1954, the farmer's net income will still be substantial, and a strong bulwark to the national economy. Farming is an essential industry. Its people are industrious, sensible, and highly religious. I do not believe they ask for or need any special privileges; but they are entitled to a just share of the nation's economic prosperity.

## You're Telling Me!

By William Ritt

A new radio sextant is able to "shoot" the sun for navigators even when the sun is invisible. Poor Old Sol, he no longer has any privacy, even on the cloudiest of days.

A lease drawn up on a Scottish farm 200 years ago has 20,600 more years to run before expiration. Sounds like a permanent camp. History has been happening so fast during the last several decades that surely we must be stocked up with enough surplus of crises to last the world until at least the year 2000 A. D.

No one was hurt when a time bomb exploded during a debate in

the Chilean congress' lower house. "As I was saying when so rudely interrupted—"

In Timbuktu goats may be used as legal tender, according to a travel book. What's so tender about a goat?

Instead of 12 good men and true court juries in ancient Greece sometimes consisted of as many as 2,500 members. Shucks, those weren't court trials—they were elections!

The home life of a raccoon, according to Factographs, is an ideal one. Then how come those deep dark circles under his eyes?

## Advice To Follow When Body's Cooling System Fails

By Dr. Theodore R. Van Dellen

Few improvements have been made on water as a cooling agent. Large quantities of heat are dissipated while it is changing from a liquid to a vaporous state. For this reason, the body is cooled when sweat evaporates.

The mechanism is influenced by several extraneous factors. When the relative humidity is high, for example, the air contains so much water it refuses to accept additional amounts through evaporation. This means that sweat stays on the

surface of the body and disrupts our own air-conditioning system. We then hear overtones of how hot and muggy it is.

A similar situation exists when the sweat glands do not work as they should. Failure is likely to occur during the first hot spell but their function improves with continued use; by August, the structures are capable of full produc-

tion. This explains why heat is better tolerated during the latter half of the summer.

Heat stroke, exhaustion, and cramps usually stem from conditions that interfere with our cooling mechanism. During a heat wave, when the humidity is high, heat stroke may develop because perspiration stops. Body heat is retained rather than dissipated and as a result, the body temperature goes up, leading to fever, headache, mental confusion, delirium, and eventually, collapse.

Death may come quickly, hence it is important to recognize the meaning of fever and dry skin and to institute emergency measures. The temperature must be reduced rapidly to avoid permanent damage to the brain. The easiest way is to place the individual in an ice bath or at least in cold water.

Another method is to apply wet towels to a fan directed over the victim to encourage evaporation. Meanwhile, a physician should be called to administer a stimulant if needed. Heat exhaustion, a related condition, arises when the body sheds heat too quickly. Exertion in torrid weather induces sweat loss through heat and muscular activity. The affected person becomes dehydrated and loses large quantities of salt. The skin, in contrast to heat stroke, is cool and moist. Faintness, palpitation, nausea, vomiting, and headache ensue unless water and salt are replenished. The sufferer ought to be removed to a cooler spot and given salt and water.

Heat prostration is most common in urban communities. After sev-

## Try And Stop Me

By Bennett Cerf

Words of wisdom from an old almanac:  
Exclusiveness is a characteristic of recent riches, high society, and the skunk.

What passes for woman's intuition is often nothing more than man's transparency.

Blessed are those who have nothing to say — and cannot be persuaded to say it.

There are three kinds of lies: lies, damned lies, and statistics. It isn't so much the things we don't know that get us into trouble. It's the things we know that aren't so.

Up in Worcester, 'tis said a housewife came out of the kitchen with a bowlful of white powder and commanded her husband, "Wilbur, sample this and tell me what it tastes like." Wilbur dutifully obeyed instructions, then opined,

"It tastes like soda to me." "Exactly what I told that fool cook," exulted the housewife. "She's trying to tell me it's rat poison!"

(Copyright, 1954, by Bennett Cerf.) (Distributed by King Features Syndicate)

**Wellersburg Cops 12  
Inning Battle, 10-9;  
Hyndman, Eckhart Win**

PEN-MAR LEAGUE					
	W. L.			W. L.	
Marcellville ..	18	3	Eckhart .....	10	11
Antsville ..	14	7	Wellersburg ..	9	11
Windman ....	14	7	Mt. Savage ..	7	14
Waver B ..	11	10	Ziehlman .....	0	20

Barrelville registered its ninth straight victory and lengthened its lead to four games in the Pen-Mar Baseball League by downing the Grantsville Sluggers yesterday at Grantsville by the score of 4-3.

A two-run single by "Rags" Moran, left-fielder, enabled Manager "Buck" Fiorita's club to come from behind to bag the decision. Jack Kauffman, who supplanted

George McGregor in the 5th, got credit for the win while Don O'Haver, Grantsville reliefer, was tagged with the loss.

Joe Glass with three singles and George McGregor with a double and single, sparked the winners a one plate. Grantsville outhit the visitors, 10-7 with Manager Logan Wengerder getting three safeties and Don Buterbaugh and Joe Wengerder

Roy Evans pitched Hyndman to a 5-1 decision over the Mt. Savage Braves, tying the Eagles with Grantsville for the runner-up spot. Evans fanned six and gave up only five hits, all singles. Richard Emerick, who holds second place in the league batting averages

**Wellersburg Wins In 12th**  
 "Junie" Robinette's third hit of the day, a single to left, scored Gerald Loibel with the run that gave Wellersburg a 10-9 triumph over Keyser Ridge in 12 innings.

Loibel had walked to open the 12th and moved to second on Weimer's hit before Robinett broke up the slab duel in which Loibel was returned the victor over Danny Cullen. The win was the sixth of the campaign for Loibel.

against five losses.

Johnny Horwath batted in six runs. He hit a home run, a triple and two singles. Jack Burne trapped a three-bagger and two singles and J. Keister and Buck Ingham had two hits each for Keyser Ridge.

**Jimmy Manges Is Victor**  
Belting three hurlers for 16 hits

The credit for the win went to Jimmy Manges, bespectacled Cumberland hurler, who relieved Ferguson in the second inning and yielded only one run, three hits and whiffed eight in seven frames. Joe Hansel, Allan LaPorta and

Results of Saturday's games were: Barrelville 7, Keyser 10 (10 innings); Mt. Savage 8, Eckhart 7; Hyndman 14, Wellersburg 4; Grantsville 17, Zihlman 7. York was scheduled to play at 10:30 a.m.

## Chisox Grab Pair

BOSTON, July 25 (AP)—Convert first baseman Jack Harshman clicked off 16 strikeouts—two short of the modern major league record—in pitching Chicago to a 1-0 victory over Boston in the first game today, then his White Sox teammate, shortstop Jim...

Leftlander Harshman, who deceiving sliders and curve balls had 13 strike out victims swinging at space and three more looking at the third one, retired the last 13 men in order. Bob Feller Cleveland holds the mark of 13 strikeouts set Oct. 2, 1938, against

Although the White Sox used three pitchers, saw their manager Paul Richards, ejected for the seventh time this year and went out 8-11, they won the second game too. It was only the seventh lifetime loss to Chicago for Kind who has defeated the visitors 11 times.

**SAYS TELEVISION INDUSTRY IS MODERN GOLD RUSH FOR MANY**

"All over America men are working in dead-end jobs without a future... with little hope of getting ahead," says Harvey Emerson, vocational director of a nationally known TV Training Institution. "No matter how hard they work they just seem to stay in the same place, with little or no appreciation or compensation for their efforts."

Mr. Emerson, who has written a widely read illustrated brochure entitled "How To Make Good in Radio-Television," reveals that "Today the greatest opportunity to grow rich and prosperous awaits any man who is willing to stretch out his hand... who is willing to make a sincere effort to better himself."

Hundreds of jobs are waiting throughout the nation for trained, qualified Television Technicians. Every day more and more firms are seeking men with "know-how" for immediate placement at above average salaries.

Through a startling new training plan men interested in Television learn this fascinating new field right in their own home, in their spare time, without giving up their present employment... and no previous experience is necessary.

What's more, a complete high school or college education is not required, as many men make good money in this field with as little as eighth grade schooling.

One of the amazing features of this wonderful new plan is the ability of so many men to earn substantial extra cash within just a few weeks, doing minor repairs and installations.

"Many men like to tinker with their autos, repair the family washing machine or do odd mechanical jobs for the neighbors without charge. These same men should turn this mechanical ability into big money on the job, or in their own business, in the Television field," says Emerson.

The entire new plan is outlined in the popular illustrated brochure entitled "How To Make Good in Radio-Television." This brochure can be read in 30 minutes—yet it has changed the lives of many in just 30 days. If a man cares anything at all about his future and is sincerely interested in getting into the Radio-Television industry, he is urged to send for this free brochure at once. No cost—no obligation. This offer available to men only—age 18 to 55. The reader should write at once to "TV Opportunity" Box 4600 • News-Times Cumberland, Md.

**Daily Bridge Lesson**

**MUST ADD BOTH WAYS**

UNLESS a player is willing to add up to thirteen constantly in two different items—the cards of a suit and the cards of a hand—he can not possibly qualify as a first flight cardman. Making the logical inferences from what has already developed in the bidding and play, then doing the simple addition and subtraction, with thirteen always the key number, is the guide to building a sound plan on either offense or defense.

(Dealer: East. North-South vulnerable.)

East	South	West	North
1♠	4♠	2♠	Pass
3♠	4♠	Pass	Pass
5♠	5♠	Dbl.	Pass

Without East's laziness, that contract would have been impossible to make. He did not at any time count to thirteen. After laying down the club K and Q, and seeing West play the diamond 2 on the second trick, he next led the A and so ended all chance to beat the declarer.

North ruffed that with the heart A to prevent an over-ruff, then gaily zig-zagged on a cross-ruff. The spade 2 was trumped by the heart 2, diamond 6 by the heart 5, spade 3 by the heart 10.

## Two Valley Rd. Youths Injured In Auto Crash

Car Strikes Home Of John R. Greise

Two Valley Road residents were critically injured about 1:25 a. m. Sunday when their car left the road and struck the home of John R. Greise Sr., on Valley Road.

Floyd T. Berkey, 26, and James Shanholz, 23, were admitted to Sacred Heart Hospital where they were taken shortly after the accident.

State Police who investigated said the car being driven by Berkey apparently went out of control, left the road, crossed through the front yard of the Alvin Uplinger home and hit the Greise house head-on.

John Greise, Sr., who said he and his family were asleep at the time of the mishap, said: "sounded like an explosion." He and members of the family helped the two youths from the car until the ambulance arrived. None of the Greise family was hurt.

### House Is Damaged

Greise said four 22-inch concrete tiers on the front porch were demolished, the porch twisted out of shape, doors of the house were sprung tight and plaster on the walls of several rooms badly cracked. He estimated the damage to his home at more than \$3,000.

Trooper L. C. Clark of the Maryland State Police said Berkey was operating the vehicle without a license and was traveling at an excessive rate of speed when he lost control of the car. The automobile smashed through a fence on the Uplinger property, traveled over 200 feet before striking the Greise home.

"The vehicle's speedometer was frozen at 70 miles per hour," Clark said. "and the motor was smashed back into the front of the car."

Berkey suffered a possible fractured skull, internal injuries, and severe lacerations of both legs. Clark said. Shanholz sustained lacerations and bruises of the head and body and possible internal injuries.

### Berkey Is Critical

Sacred Heart attaches last night said Berkey was in critical condition while Shanholz was listed as good. X-rays were taken yesterday to determine the extent of their injuries.

Clark said meanwhile he was withholding charges against Berkey pending the outcome of his injuries.

In another accident in Cumberland, investigated by City Police, David Grant Wright, Wiley Ford, W. Va., was treated in Memorial Hospital for lacerations of the face after his car struck and severed a Potomac Edison power pole on Virginia Avenue.

### Posts \$50 Bond

Wright posted \$50 bond on a reckless driving and leaving the scene of an accident charge.

Officers George Furstenberg and E. P. Wilson, who investigated, said Wright hit the light pole at Boone Street and left the scene. They trailed him by water leaking from his broken radiator and he was picked up near the Wiley Ford bridge. Wright claimed another car forced him off the street against the pole.

West Virginia State Police reported an accident near the Hampshire County line on Route 50 in Mineral County. A car driven east on Route 50 by Sgt. Bobby Bruce Howton, 24, of Fort Knox, Ky., turned over in a gully when the driver fell asleep at the wheel. Three soldier companions were uninjured, Trooper D. G. Peters of Keyser, who investigated, said. A hazardous driving charge was placed against Howton.

## Property Needed For Traffic Plan Assessed \$804,090

The assessed value of property which must be acquired by the State Roads Commission for the crosstown expressway and industrial boulevard is \$804,090, according to a report to be presented to the Mayor and Council today.

The total does not include the value of city-owned lots in the Ridgedale section which will be affected by the expressway. Previously published estimates set the value of property needed for the east-west expressway at \$613,490. The complete estimate furnished by the City Engineering Department includes \$190,600 for the industrial boulevard.

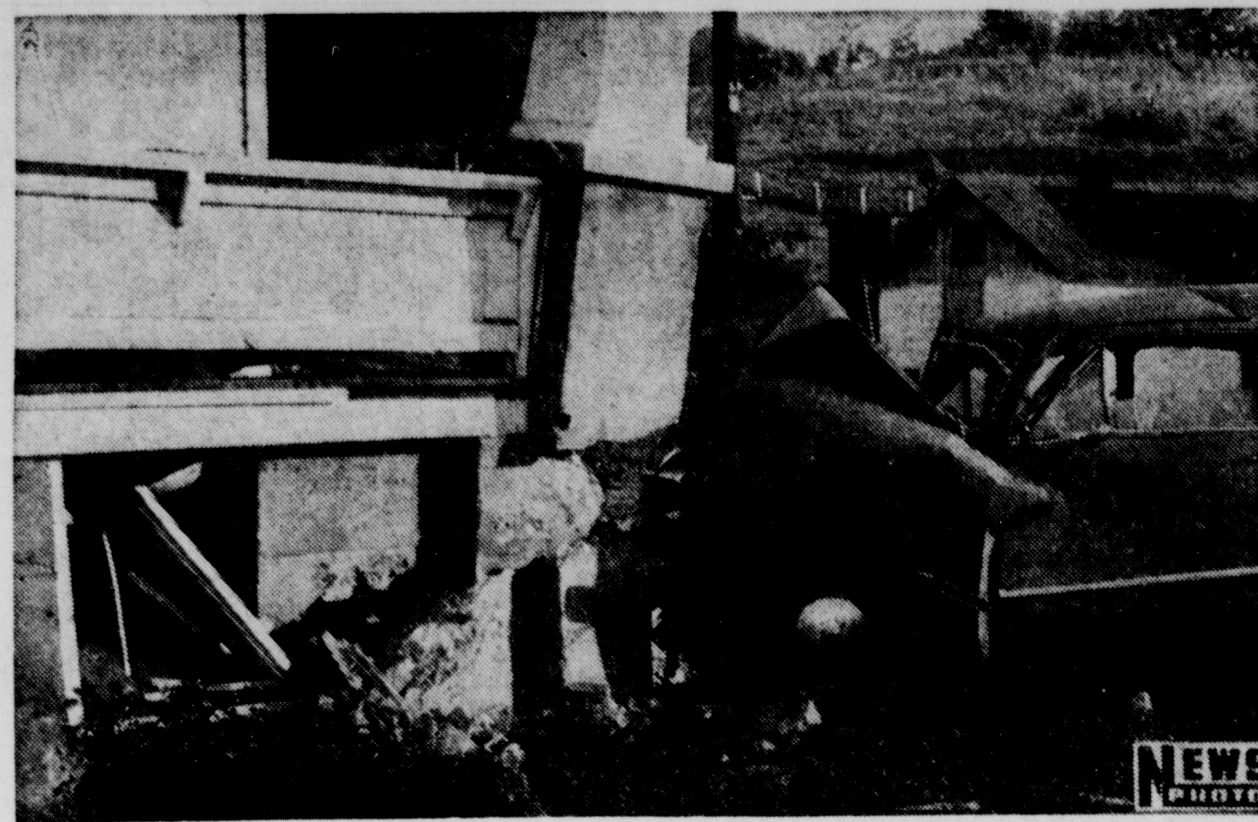

It had been previously estimated by various groups and individuals that property needed for the program would reach an assessed value of over a million dollars.

## Playground Names Princess This Week

Columbia Street Playground youngsters will have an opportunity all this week to ballot their choice for a playground queen and flower girls. Those chosen will represent the playground in the Intra-City Parade August 13.

Special events this week at Columbia Street include, Monday, picnic day starting at noon, with races, singing and story time; Tuesday 7 p. m. volleyball practice; Wednesday, 7 p. m. Intra-City Volleyball Tournament for Northern Division; Wednesday at 8:30 p. m. movies.

Thursday evening at 7:30 o'clock a flower show will be held. Friday at 8 p. m. there will be a square dance, featured by a cake walk.

## Car Smashes Into House

An automobile, driven by Floyd T. Berkey, 26, of Route 3, Valley Road, smashed head-on into the front porch of the John R. Greise Sr. home early Sunday morning, resulting in severe damage to both the house and the vehicle. Berkey was critically injured as was a companion in his car, James Shanholz, 23, also of Valley Road. The two men were admitted to Sacred Heart Hospital. Greise estimated more than \$3,000 damage to his home as the concrete tiers of the porch were broken and the porch twisted out of shape. None of the Greise family was hurt.

## New York's Fresh Air Kids Winding Up Activities Of Summer Vacation Here

By CHARLES H. KELLEY  
News Staff Writer

Some 26 Chinese children, who have been having the time of their lives here since June 29, are winding up their vacation and will leave for their homes in New York City on Tuesday.

About a week ago, 21 of the original group of 44 children returned to their homes. An escort from the New York Herald Tribune, sponsor of the Fresh Air Fund, brought three more youngsters to Cumberland and took the 21 others back home.

Their stay in Cumberland has been packed with all sorts of activities including swimming, picnicking and sightseeing.

## Capuchin Order Lists Assignments

Father Diego Jose Pedraja Sanchez, OFM Cap, who has been assistant pastor of St. Peter and Paul Catholic Church here for some time, has been assigned to the Capuchin Custody of Puerto Rico, his native land.

Other appointments announced at the meeting of the Capuchin Provincial Supervisors include: Father Gabriel Giles, OFM Cap., of this parish, succeeds Fr. Sanchez as assistant. Brother Valentine, OFM Cap. and Brother Joachim, OFM Cap., have been assigned to St. Mary's Monastery, Herman, Pa., and Brother Joseph, OFM Cap., and Brother Brendan, OFM Cap., have been assigned to Capuchin College, Washington.

Brother Lothan, OFM Cap., has been added to the staff of the local monastery training center for brothers.

## Swim Program Begins

Virginia Avenue Playground will begin its "Learn to Swim" program today.

## Today's Sermonette

Behold, I lay in Zion for a foundation a stone, a tried stone, a precious cornerstone, a sure foundation. Isaiah 28:16.

Today's sermonette is a digest of the sermon preached yesterday at LaVale Methodist Church by the pastor, Rev. W. W. Patterson. The sermon digests are being prepared through the cooperation of the Cumberland Ministerial Association.

## The Chief Cornerstone

By REV. W. W. PATTERSON

There comes a time in the building of each new church when the cornerstone is laid with appropriate ceremonies. Like most things that have become customary, we seldom ask why we do it, but we have a feeling that it ought to be done. The building would not be complete without it. However, to understand the origin and meaning of our acts, especially in the realm of religion, is to add to their significance.

Stones played a large part in ancient religions. This is not surprising as we yet today stand in awe of the mighty boulders that jut out from our mountain sides, depicting the unmeasured strength of the hills. Stone gave to the ancient world a sense of permanence, a durability that men longed to know in themselves. So they identified that which they valued most with some use of stone, either in actual or symbolic fashion.

Jacob called the stone on which he slept and had his dream of the ladder to heaven, "Bethel" or God's house. Stone pillars and heaps of stones became centers of worship. Rocks served as altars. With the passing of time and the erection of more elaborate houses of worship, a single stone in the otherwise stone building, was chosen for a place of special honor or importance, the head stone or the cornerstone. This stone had to be of the best quality, as nearly flawless as possible, because it served to hold the structure together.

We remember that Jesus referred to Himself as a rejected stone which later became the head of the corner, as He quoted the 118th Psalm: "The stone which the builders rejected has become the

cornerstone." Thus, the modern congregation, in laying or unveiling a cornerstone, as the case may be, is perhaps unwittingly testifying to three significant religious truths:

First, we want our physical altars to endure. The LaVale congregation, like the ancient Israelites, first worshipped in a tent, but there is nothing permanent about a tent. It does not suggest strength or durability. Even if the weather permitted, no congregation would care to be housed for long in such a structure.

This suggests the second truth. The desire for a permanent altar may well be prompted by a desire for a permanent life. We want our altars and what they mean to us, to put stable foundations under our lives, and to assure us that even though all other things may change, and decay, life itself shall endure because it is founded upon a Rock.

So, then, in the third instance this Rock is Christ. Once rejected He remains today the chief stone which holds the structure of the church and congregation together. Without His spirit and life in the church, the lesser stones of our human lives tend to split and crack and fall apart.

The enduring church is Christ centered, Christ controlled and Christ empowered. A church building has spiritual meaning only as it serves the purpose of Christ. To paraphrase Edgar Guest, "It takes a heap of Christian living and serving to make a church house a spiritual home." Only as people live Christian lives, and express Christian faith in a building called a church, does it become a sacred place.

As we unveil the cornerstone of our church today, it is with the earnest prayer that we shall recognize the necessity of dedicating ourselves to Him who is, and must ever remain, the chief Stone of all.

"Behold, we lay in Zion for a foundation a stone, a tried stone, a precious cornerstone, a sure foundation."

Mrs. Catherine Taylor, 76, wife of William Taylor, 311 Pulaski Street, was admitted to Sacred Heart Hospital Saturday with an injury to her left hip, suffered in a fall at her home.

Miss Jessie Luman, 73, of 138 Bedford Street, was admitted to Sacred Heart Hospital Saturday with a fractured right hip. Attaches said she fell at home.

Pvt. Harry G. Reynolds returned by plane to Gotham, N. H., after spending a 13-day furlough with his parents, Mr. and Mrs. Harry L. Reynolds, 211 Fairfax Street.

Gary Lee Starkey, seven-year-old son of Mr. and Mrs. Herman Starkey, Wellersburg, Pa., was admitted to Sacred Heart Hospital Friday after he injured his right arm in a fall at his home.

## Meeting Wednesday

A special meeting of police members of the Police and Firemen's Welfare Association will be held Wednesday at 8:15 p. m. in the squad room at Police Headquarters. Legislation will be discussed. Charles E. Snider, president, announced.

## Births

**Sacred Heart Hospital**  
Mr. and Mrs. Dominic Indolfi, 632 Maryland Avenue, a daughter Friday.

**Memorial Hospital**  
Mr. and Mrs. James W. Rummel, Wiley Ford, a daughter Friday.

Mr. and Mrs. Lawrence Becker, 307 Mt. View Drive, a son Saturday.

Mr. and Mrs. Robert I. Dezen, Rt. 1, LaVale Boulevard, a son yesterday.

Mr. and Mrs. Frederick J. Miller, Rt. 2, Baltimore Pike, a daughter yesterday.

Mr. and Mrs. Ralph A. Baker, Wellersburg, Pa., a son yesterday.

Mr. and Mrs. Robert Lee, Rt. 3, Valley Road, a son yesterday.

Mr. and Mrs. Howard McDonald, Cresaptown, a daughter yesterday.

Mr. and Mrs. Daniel Wagner, McHenry, a daughter yesterday.

Norman, son of Mr. and Mrs. Clarence Mason of Berkeley Springs, had been picnicking near the lake with his family.

About 35 persons were taking part in the search. Miss Martin said, and a call had been sent out for more volunteers.

## Surplus Foods Program Shows Steady Increase

Demand Grows By Over 20 Per Cent

Distribution of surplus food commodities for July will continue today, with the county's distribution crew at Eckhart from 9 a. m. to 2:30 p. m.

Tomorrow, distribution will be made at Mt. Savage. On Wednesday, Cresaptown eligibles will be served and on Thursday and Friday, distribution will be made at the county garage, Franklin Street, here.

J. Walker Chapman, county road supervisor who has charge of the program said 142 families of 461 people received commodities Thursday in Midland and 354 families of 1,301 individuals received their food in Frostburg on Friday.

### Schedule Unchanged

The August distribution will get underway in Westernport on August 9, and the same schedule will be followed through the county as has been followed this month and last. There is only one minor change, Chapman noted. At Lonaconing, distribution will be made in the future from the VFW home, instead of the fire hall. Conditions at the fire hall are crowded and considerable inconvenience to all concerned is created there.

At Lonaconing last week, 308 families representing 1,071 individuals received surplus commodities. At Westernport, 168 families of 605 individuals were assisted, while at Barton, 158 families comprising 478 persons received food. The July distribution has been running about 20 per cent higher than the June total, Chapman noted. Registrations for August already indicated that next month will be still greater.

The September registration is to be conducted August 3, 4 and 5 throughout the county.

The only confusion that has resulted anywhere, distributors note stems from families of one or two people.

Some of the commodities come in large packages and it is not desirable to break these down into smaller units. Therefore, these people are given two or three months supply at one time.

This situation applies only to powdered milk which comes in four and a half pound packages, and to shortening which comes in a three-pound metal container.

For one person, a package of milk and a can of shortening is to last three months. For two persons, such as man and wife, a package of milk and a can of shortening is the allotted supply for two months.

For one person, a package of milk and a can of shortening is to last three months. For two persons, such as man and wife, a package of milk and a can of shortening is the allotted supply for two months.

## Unveil Cornerstone

The cornerstone of the new LaVale Methodist Church was unveiled yesterday as a part of the morning worship service. Shown here taking part in the unveiling are Rev. W. W. Patterson, pastor; Harold Green, Coyle O'Neal and Louis V. Shinnamon, trustees, all residents of LaVale.

## City Officials Are Urged To Adopt Expressway Plan

French Sensabaugh, a candidate for mayor in the recent city primary election, has urged the Mayor and Council to unanimously vote in favor of the State Roads Commission's crosstown expressway plan.

Sensabaugh, in a letter dated July 22, declares that Cumberland is a vehicular bottleneck and cited several instances to support this contention.

He said it became necessary at one time for the flood protection project contractor to move a power shovel from North Mechanic Street

to Ridgeley, a distance of one mile. The movement had to be routed to the Six Mile House, to Cresaptown, to Keyser, and then to Fort Ashby and to Ridgeley, a distance of about 50 miles, Sensabaugh pointed out.

The same contractor had to move a shovel from Mechanic Street to Riverside Park and in doing so had to be routed west on Route 40 to the Six Mile House, back toward Cumberland on Braddock Road, in Greene to Chase Street (the viaduct on Greene Street being too low), and then across the B&O tracks at Beall Street to the park, Sensabaugh declared.

Sensabaugh stated that although he has stated prior that other roads should be built first, "it now appears that roads, particularly Route 40, into Cumberland, can be started after the expressway and finished at approximately the same time."

"According to our interpretation of the news, 'work to be done in a given county under the 12-year program is on a mileage and not money basis' by accepting the proposal the city will be getting a modern, expensive expressway that will benefit the city, county and state and one that can be started soon. If not accepted we will probably get the same mileage or ordinary road in the distant future, and we say future as it takes time to survey, draw plans, advertise for bids, not to mention pleasing everyone and getting agreements."

"The state has survey crews now working on Martin's and Polish mountains. It appears that your acceptance of the expressway will tie in with the SRC's future plans for Route 40 construction. However, your rejection of the expressway may very well deter their present interest in a modern Route 40 in Western Maryland. Also your rejection (and this is most important) will materially affect the non-construction of the industrial belt line from Route 51 and South Cumberland, as we understand this is an integral and irrevocable part of the overall crosstown expressway. And this South Cumberland boulevard is needed for the expected new Pittsburgh Plate Glass plant and other industries that will be interested in a modern Cumberland," Sensabaugh said.

The local hauling contractor also pointed out that a \$10,000,000 project will ease the unemployment situation here and will allow shoppers a place to park. The expressway, he explained, will allow those who do not want to make purchases at the time to be free to go quickly about their business, thereby making room at existing parking places for shoppers.

The Health Department has scheduled a child hygiene clinic tomorrow at 9:30 a. m. in Cresaptown and a heart clinic at 9 a. m. in City Hall. A chest clinic will be held Friday at 9 a. m. in City Hall.

## Cubs Annex Two

CHICAGO, July 25 (AP)—Bob Talbot's single off Herman Wehrmeier in the ninth inning scored Gene Baker with the winning run today as the Chicago Cubs defeated Philadelphia 2-1 in the second game of a doubleheader after the Cubs captured the first 6-1 behind Paul Minner's four-hit pitching.

The sweep gave the Cubs their 11th win in the past 15 games.

Victim of the Chicagoan's belated spurt was Bob Greenwood, rookie righthander, who had a two hit 1-0 shutout going into the ninth for his first major league victory.

(Second Game)

# Two Valley Rd. Youths Injured In Auto Crash

Car Strikes Home Of John R. Greise

Two Valley Road residents were critically injured about 1:25 a. m. Sunday when their car left the road and struck the home of John R. Greise Sr., on Valley Road.

Floyd T. Berkey, 26, and James Shanholz, 23, were admitted to Sacred Heart Hospital where they were taken shortly after the accident.

State Police who investigated said the car being driven by Berkey apparently went out of control, left the road, crossed through the front yard of the Alvin Uplinger home and hit the Greise house headon.

John Greise, Sr., who said he and his family were asleep at the time of the mishap, said: "sounded like an explosion." He and members of the family helped the two youths from the car until the ambulance arrived. None of the Greise family was hurt.

House Is Damaged

Greise said four 22-inch concrete tiers on the front porch were demolished, the porch twisted out of shape, doors of the house were sprung tight and plaster on the walls of several rooms badly cracked. He estimated the damage to his home at more than \$3,000.

Trooper L. C. Clark of the Maryland State Police said Berkey was operating the vehicle without a license and was traveling at an excessive rate of speed when he lost control of the car. The automobile smashed through a fence on the Uplinger property, traveled over 200 feet before striking the Greise home.

"The vehicle's speedometer was frozen at 70 miles per hour," Clark said, "and the motor was smashed back into the front of the car."

Berkey suffered a possible fractured skull, internal injuries, and severe lacerations of both legs, Clark said. Shanholz sustained lacerations and bruises of the head and body and possible internal injuries.

Berkey Is Critical

Sacred Heart attaches last night said Berkey was in critical condition while Shanholz was listed as good. X-rays were taken yesterday to determine the extent of their injuries.

Clark said meanwhile he was withholding charges against Berkey pending the outcome of his injuries.

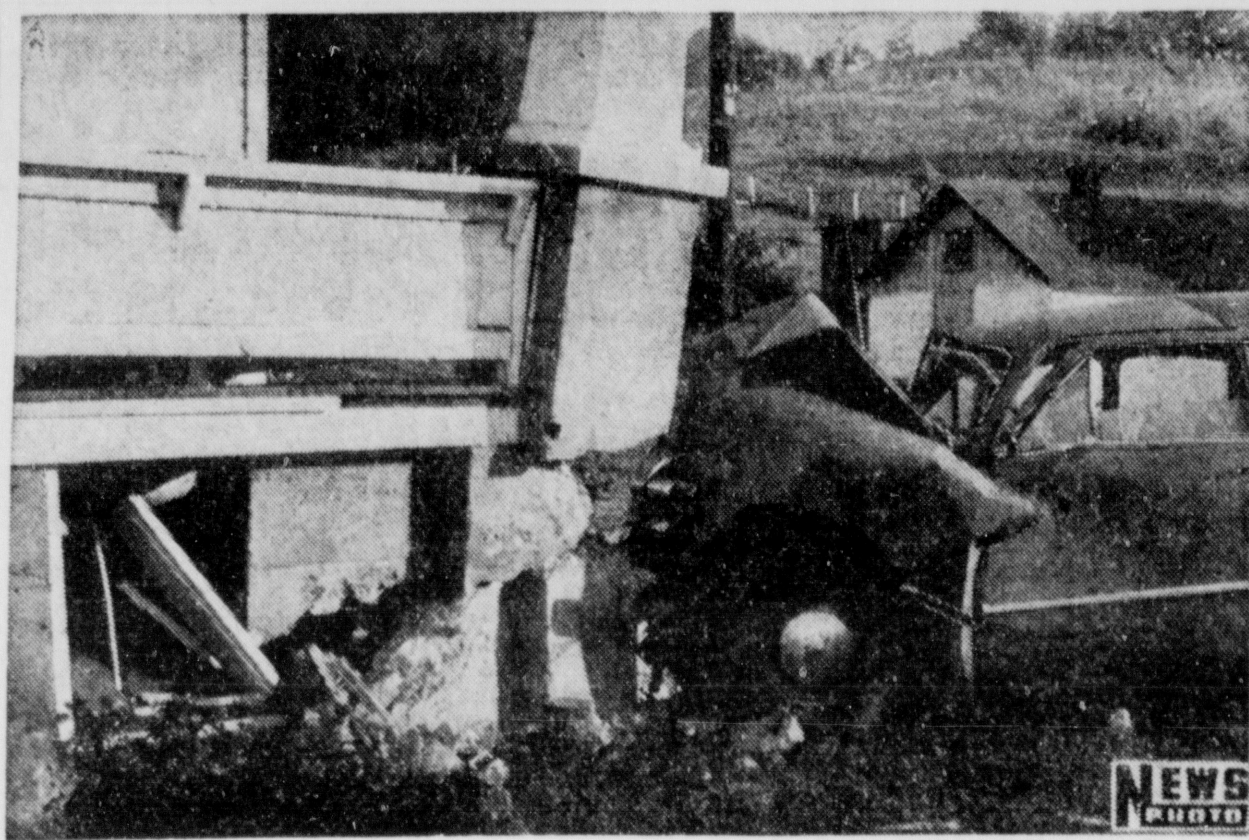

In another accident in Cumberland, investigated by City Police, David Grant Wright, Wiley Ford, W. Va., was treated in Memorial Hospital for lacerations of the face after his car struck and severed a Potomac Edison power pole on Virginia Avenue.

Posts \$50 Bond

Wright posted \$50 bond on a reckless driving and leaving the scene of an accident charge.

Officers George Furstenberg and E. P. Wilson, who investigated, said Wright hit the light pole at Boone Street and left the scene. They trailed him by water jacking from his broken radiator and he was picked up near the Wiley Ford bridge. Wright claimed another car forced him off the street against the pole.

West Virginia State Police reported an accident near the Hampshire County line on Route 50 in Mineral County. A car driven east on Route 50 by Sgt. Bobby Bruce Howton, 24, of Fort Knox, Ky., turned over in a gully when the driver fell asleep at the wheel. Three soldier companions were uninjured, Trooper D. G. Peters of Keyser, who investigated, said. A hazardous driving charge was placed against Howton.

## Car Smashes Into House

An automobile, driven by Floyd T. Berkey, 26, of Route 3, Valley Road, smashed headon into the front porch of the John R. Greise Sr. home early Sunday morning, resulting in severe damage to both the house and the vehicle. Berkey was critically injured as was a companion in his car, James Shanholz, 23, also of Valley Road. The two men were admitted to Sacred Heart Hospital. Greise estimated more than \$3,000 damage to his home as the concrete tiers of the porch were broken and the porch twisted out of shape. None of the Greise family was hurt.

# New York's Fresh Air Kids Winding Up Activities Of Summer Vacation Here

By CHARLES H. KELLEY  
News Staff Writer

Some 26 Chinese children, who have been having the time of their lives here since June 29, are winding up their vacation and will leave for their homes in New York City on Tuesday.

About a week ago, 21 of the original group of 44 children returned to their homes. An escort from the New York Herald Tribune, sponsor of the Fresh Air Fund, brought three more youngsters to Cumberland and took the 21 others back home.

Their stay in Cumberland has been packed with all sorts of activities including swimming, picnicking and sightseeing.

On days when the weather was inclement, the youngsters donned skates, loaned by Crystal Park, and had a big time in SS. Peter and Paul gymnasium. Father John D. Moore, local Maryknoll priest and assistant in Chinese work at the parish of the Transfiguration in New York's Chinatown, has been planning varied activities for the children.

The New Yorkers were "adopted" by various families of SS. Peter and Paul's parish during their stay here. The PTA of the parish sponsored the children's stay in Cumberland. Co-chairmen of the project are Thomas B. Cumiskey and John B. Wolfope.

The Fresh Air Kids enjoyed the facilities of local pools, took a trip

to Shawnee Park in neighboring Pennsylvania and learned a bit about rural life at Father Moore's family farm in Cash Valley.

Father Varius, OFM, Cap., pastor of SS. Peter and Paul Church, said the children caused no trouble whatsoever and none of them took sick although a few showed symptoms of homesickness, which they survived.

As the group arrived in Cumberland after traveling all day from New York, they were getting restless and tired.

After arriving at Queen City Station, one of the youngsters remarked, "Maybe the people of Cumberland don't want us."

They found out they were more than welcome.

## Capuchin Order Lists Assignments

Father Diego Jose Pedraja Sanchez, OFM Cap., who has been assistant pastor of SS. Peter and Paul Catholic Church here for some time, has been assigned to the Capuchin Custody of Puerto Rico, his native land.

Other appointments announced at the meeting of the Capuchin Provincial Supervisors include: Father Gabriel Giles, OFM Cap., of this parish, succeeds Fr. Sanchez as assistant. Brother Valentine, OFM Cap. and Brother Joachim, OFM Cap., have been assigned to St. Mary's Monastery, Herman, Pa., and Brother Joseph, OFM Cap., and Brother Brendan, OFM Cap., have been assigned to Capuchin College, Washington.

Brother Lothian, OFM Cap., has been added to the staff of the local monastery training center for brothers.

## Swim Program Begins

Virginia Avenue Playground will begin its "Learn to Swim" program today.

# News In Brief 11-Year-Old Boy Is Lost

Mrs. Catherine Taylor, 76, wife of William Taylor, 311 Pulaski Street, was admitted to Sacred Heart Hospital Saturday with an injury to her left hip, suffered in a fall at her home.

Miss Jessie Luman, 73, of 138 Bedford Street, was admitted to Sacred Heart Hospital Saturday with a fractured right hip. Attaches said she fell at home.

Pvt. Harry G. Reynolds returned by plane to Gorham, N. H., after spending a 13-day furlough with his parents, Mr. and Mrs. Harry L. Reynolds, 211 Fairfax Street.

Gary Lee Starkey, seven-year-old son of Mr. and Mrs. Herman Starkey, Wellersburg, Pa., was admitted to Sacred Heart Hospital Friday after he injured his right arm in a fall at his home.

## Meeting Wednesday

A special meeting of police members of the Police and Firemen's Welfare Association will be held Wednesday at 8:15 p. m. in the squad room at Police Headquarters. Legislation will be discussed. Charles E. Snider, president, announced.

## Births

**Sacred Heart Hospital**  
Mr. and Mrs. Dominic Indolfi, 632 Maryland Avenue, a daughter Friday.

**Memorial Hospital**  
Mr. and Mrs. James W. Rumber, Wiley Ford, a daughter Friday.

Mr. and Mrs. Lawrence Becker, 307 Mt. View Drive, a son Saturday.

Mr. and Mrs. Robert I. Dezen, Rt. 1, LaVale Boulevard, a son yesterday.

Mr. and Mrs. Frederick J. Miller, Rt. 2, Baltimore Pike, a daughter yesterday.

Mr. and Mrs. Ralph A. Baker, Wellersburg, Pa., a son yesterday.

Mr. and Mrs. Robert Lee, Rt. 3, Valley Road, a son yesterday.

Mr. and Mrs. Howard McDonald, Cresaptown, a daughter yesterday.

Mr. and Mrs. Daniel Wagner, McHenry, a daughter yesterday.

# Surplus Foods Program Shows Steady Increase

Demand Grows By Over 20 Per Cent

Distribution of surplus food commodities for July will continue today, with the county's distribution crew at Eckhart from 9 a. m. to 2:30 p. m.

Tomorrow, distribution will be made at Mt. Savage. On Wednesday, Cresaptown eligibles will be served and on Thursday and Friday, distribution will be made at the county garage, Franklin Street, here.

J. Walker Chapman, county road supervisor who has charge of the program said 142 families of 461 people received commodities Thursday in Midland and 354 families of 1,301 individuals received their food in Frostburg on Friday.

**Schedule Unchanged**

The August distribution will get underway in Westernport on August 9, and the same schedule will be followed through the county as has been followed this month and last. There is only one minor change, Chapman noted. At Lonaconing, distribution will be made in the future from the VFW home, instead of the fire hall. Conditions at the fire hall are crowded and considerable inconvenience to all concerned is created there.

At Lonaconing last week, 308 families representing 1,071 individuals received surplus commodities. At Westernport, 168 families of 605 individuals were assisted, while at Barton, 158 families comprising 478 persons received food.

The July distribution has been running about 20 per cent higher than the June total, Chapman noted. Registrations for August already indicated that next month the need for surplus commodities will be still greater.

**Registration Planned**

The September registration is to be conducted August 3, 4 and 5 throughout the county.

The only confusion that has resulted anywhere, distributors note stems from families of one or two people.

Some of the commodities come in large packages and it is not desirable to break these down into smaller units. Therefore, these people are given two or three months supply at one time.

This situation applies only to powdered milk which comes in four and a half pound packages, and to shortening which comes in a three-pound metal container.

For one person, a package of milk and a can of shortening is to last three months. For two persons, such as man and wife, a package of milk and a can of shortening is the allotted supply for two months.

## Unveil Cornerstone

The cornerstone of the new LaVale Methodist Church was unveiled yesterday as a part of the morning worship service. Shown here taking part in the unveiling are Rev. W. W. Patterson, pastor; Harold Green, Coyle O'Neal and Louis V. Shinnamon, trustees, all residents of LaVale.

LA VALE  
METHODIST CHURCH  
1954

## City Officials Are Urged To Adopt Expressway Plan

French Sensabaugh, a candidate for mayor in the recent city primary election, has urged the Mayor and Council to unanimously vote in favor of the State Roads Commission's crosstown expressway plan.

Sensabaugh, in a letter dated July 22, declares that Cumberland is a vehicular bottleneck and cited several instances to support this contention.

He said it became necessary at one time for the flood protection project contractor to move a power shovel from North Mechanic Street

to Ridgeley, a distance of one mile. The movement had to be routed to the Six Mile House, to Cresaptown, to Keyser, and then to Fort Ashby and to Ridgeley, a distance of about 50 miles, Sensabaugh pointed out.

The same contractor had to move a shovel from Mechanic Street to Riverside Park and in doing so had to be routed west on Route 40 to the Six Mile House, back toward Cumberland on Braddock Road, in Greene to Chase Street (the viaduct on Greene Street being too low), and then across the B&O tracks at Beall Street to the park, Sensabaugh declared.

Sensabaugh stated that although he has stated prior that other roads should be built first, "it now appears that roads, particularly Route 40, into Cumberland, can be started after the expressway and finished at approximately the same time."

"According to our interpretation of the news, 'work to be done in a given county under the 12-year program is on a mileage and not money basis' by accepting the proposal the city will be getting a modern, expensive expressway that will benefit the city, county and state and one that can be started soon. If not accepted we will probably get the same mileage or ordinary road in the distant future, and we say future as it takes time to survey, draw plans, advertise for bids, not to mention pleasing everyone and getting agreements."

"The state has survey crews now working on Martin's and Polish mountains. It appears that your acceptance of the expressway will tie in with the SRC's future plans for Route 40 construction. However, your rejection of the expressway may very well deter their present interest in a modern Route 40 in Western Maryland. Also your rejection (and this is most important) will materially affect the non-construction of the industrial belt line from Route 51 and South Cumberland, as we understand this is an integral and irrevocable part of the overall crosstown expressway. And this South Cumberland boulevard is needed for the expected new Pittsburgh Plate Glass plant and other industries that will be interested in a modern Cumberland," Sensabaugh said.

The local hauling contractor also pointed out that a \$10,000,000 project will ease the unemployment situation here and will allow shoppers a place to park. The expressway, he explained, will allow those who do not want to make purchases at the time to be free to go quickly about their business, thereby making room at existing parking places for shoppers.

He is survived by his widow, the former Marie L. Burkhardt; a daughter, Louise C. Smith at home, and a brother, G. Albert O. Smith, city, with whom he was associated in business.

## Rites Planned For Otto Smith

A funeral service for Otto Conrad Smith, 58, of 810 Gephart Drive, who died Saturday night in Memorial Hospital, will be held tomorrow at 2 p. m. in the Hafer Funeral Home.

Dr. Hixon T. Bowersox, pastor of St. Paul's Lutheran Church, will officiate and burial will be in St. Luke's Lutheran Cemetery.

Graveside services will be in charge of Ohr Lodge No. 131, A.F. and A. M.

Co-owner of Smith's Tender Feet Shoe Shop on Baltimore Street for many years, Mr. Smith had been in failing health for three months and was admitted to the hospital on Friday.

Born in Cumberland, he was a son of the late Conrad G. and Amelia (Damm) Smith. He was graduated from Allegheny County Academy and attended the University of Pittsburgh.

A prominent Mason, he was a member of Ohr Lodge 131, A.F. and A. M.; Scottish Rite Bodies; Salem Chapter, Royal Arch Masons, Antioch Commandery, Knights Templar, and Ali Ghan Shrine Temple, AAONMS. He was a member of St. Paul's Lutheran Church.

He is survived by his widow, the former Marie L. Burkhardt; a daughter, Louise C. Smith at home, and a brother, G. Albert O. Smith, city, with whom he was associated in business.

## Elderly Couple Reported Each Other As Lost

An elderly Bowman's Addition couple who became separated while berry picking on Wills Mountain yesterday, were happily reunited by City Police after each had reported the other as being lost in the wilderness.

Desk Sgt. Charles C. Roby reported he received a call from Bowman's Addition, where a family reported an elderly man had walked out of the woods on Wills Mountain and requested they call for help as his wife was lost.

As police were organizing a search party to comb the wooded area, another call came in from Piedmont Avenue where a Cumberland family reported an elderly woman had appeared from the woods, reporting her husband lost on the mountainside where she had searched and called for him for hours.

Police put two and two together, sent a car to each of the addresses, about two miles apart, and reunited the man and his wife.

He is survived by his widow, the former Marie L. Burkhardt; a daughter, Louise C. Smith at home, and a brother, G. Albert O. Smith, city, with whom he was associated in business.

## Clinics Are Planned

The Health Department has scheduled a child hygiene clinic tomorrow at 9:30 a. m. in Cresaptown and a heart clinic at 9 a. m. in City Hall. A chest clinic will be held Friday at 9 a. m. in City Hall.

# Democrats Face Fight For Party Chairmanship

E. Brooke Lee Seeks To Unseat Hetzer

By LOU G. PANOS  
BALTIMORE, July 25 (AP)—Maryland Democrats, bitterly split after a primary which left their candidate for governor in doubt, began gathering here tonight for a state convention which promised additional fireworks in a fight over the central committee chairmanship.

E. Brooke Lee, headquarters director of the apparently successful campaign to nominate Dr. H. C. Byrd for governor, announced he wanted to succeed C. William Hetzer, who was named committee chairman only last January in a move to end intra-party strife.

Hetzer said he would fight to keep the job.

The undercurrent of contention for the party chairmanship flowed amid indications that delegates to the convention would recess without officially naming either Byrd or George P. Mahoney, his opponent who has contested the primary results in a welter of recount and court actions.

Lee's announcement came only hours before the Court of Appeals met to hear last-ditch arguments by Mahoney lawyers claiming foul in Calvert County and Baltimore City's 4th District.

File Court Actions

Similar court suits were prepared for filing in circuit courts tomorrow in Talbot and Queen Annes counties, which Byrd also won by skinny margins.

Behind it all was Mahoney's attempt to gain at least five more votes in the state convention. Each delegate to the convention must vote for the candidate who received the most popular votes in the county or Baltimore City district represented by that delegate.

Byrd won in one of the six city districts and in enough counties to give him 80 votes to Mahoney's 72. The popular vote totals were 163,548 for Byrd to 159,555 for Mahoney.

Byrd, former University of Maryland president who resigned that post to run for governor, suggested last week that delegates to the nominating convention refrain from officially nominating him until the Court of Appeals rules on cases brought by Mahoney in Calvert County and the Baltimore 4th District. Circuit courts there had rejected further Mahoney pleas after recounts upheld Byrd victories in the two subdivisions.

Attorneys Clarke Murphy Jr. and Francis B. Burch were prepared to take to the Court of Appeals Mahoney's contention that he should be allowed to inspect voting records in Calvert and Baltimore's 4th. He said he wanted to do this to assure himself that there were no irregularities in the voting.

Petitions Prepared

In Talbot and Queen Annes, where Mahoney also failed to upset Byrd victories through recounts, his lawyers prepared petitions which in effect asked the courts to declare Mahoney the winner. These were based on grounds that election officials in the recount had refused to nullify certain ballots which Mahoney contended were not marked according to law.

Like other Baltimore City districts, the 4th has seven votes in the nominating convention. Talbot County has four, and Queen Annes and Calvert three each.

Hetzer indicated he would turn the Democratic nominating convention over to a temporary chairman shortly after calling it to order at 2 p. m., then let the chips fall where they may. A prosperous Hagerstown contractor and sportsman who lives in nearby Williamsport, he was named head of the party last January as a relatively neutral guiding force who would offend neither Byrd nor Mahoney supporters.

## Rubber Workers Vote To Accept Wage Proposal

Local 26, Rubber Workers Union of America (CIO) yesterday voted to accept a company proposal on wage issues at the Kelly-Springfield Tire Company, according to William R. Rice, president of the union.

Rice said the action was taken at a special membership meeting held yesterday afternoon in Textile Workers Hall.

The union opened negotiations here May 3 on the URWA's 1954 program which includes wage issues.

Local 26 represents some 1,600 hourly paid workers of the local tire plant.

## The Weather

For the third straight day the low temperature in Cumberland was 52 degrees, official reports at the weather station in Constitution Park revealed. Yesterday's high was 85 degrees and at 8 p. m. the mercury registered 77 degrees. Yesterday's sunny and warm weather is expected to continue today.

## UNOFFICIAL DOWNTOWN TEMPERATURES

1 p. m.	84	7 p. m.	86
2 p. m.	85	8 p. m.	84
3 p. m.	86	9 p. m.	78
4 p. m.	85	10 p. m.	75
5 p. m.	87	11 p. m.	71
6 p. m.	87	Midnight	70

## Property Needed For Traffic Plan Assessed \$804,090

The assessed value of property which must be acquired by the State Roads Commission for the crosstown expressway and industrial boulevard is \$804,090, according to a report to be presented to the Mayor and Council today.

The total does not include the value of city-owned lots in the Ridgevale section which will be affected by the expressway.

Previously published estimates set the value of property needed for the east-west expressway at \$613,490. The complete estimate furnished by the City Engineering Department includes \$190,600 for the industrial boulevard.

It had been previously estimated by various groups and individuals that property needed for the program would reach an assessed value of over a million dollars.

## Playground Names Princess This Week

Columbia Street Playground youngsters will have an opportunity all this week to ballot their choice for a playground queen and flower girls. Those chosen will represent the playground in the Intra-City Parade August 13.

Special events this week at Columbia Street include, Monday, picnic day starting at noon, with races, singing and story time; Tuesday 7 p. m. volleyball practice; Wednesday, 7 p. m. Intra-City Volleyball Tournament for Northern Division; Wednesday at 8:30 p. m. movies.

Thursday evening at 7:30 o'clock a flower show will be held. Friday at 8 p. m. there will be a square dance, featured by a cake walk.

# Today's Sermonette

Behold, I lay in Zion for a foundation a stone, a tried stone, a precious cornerstone, a sure foundation. Isaiah 28:16.

Today's sermonette is a digest of the sermon preached yesterday at LaVale Methodist Church by the pastor, Rev. W. W. Patterson. The sermon digests are being prepared through the cooperation of the Cumberland Ministerial Association.

## The Chief Cornerstone

By REV. W. W. PATTERSON

There comes a time in the building of each new church when the cornerstone is laid with appropriate ceremonies. Like most things that have become customary, we seldom ask why we do it, but we have a feeling that it ought to be done. The building would not be complete without it. However, to understand the origin and meaning of our acts, especially in the realm of religion, is to add to their significance.

Stones played a large part in ancient religions. This is not surprising as we yet today stand in awe of the mighty boulders that jut out from our mountain sides, depicting the unmeasured strength of the hills. Stone gave to the ancient world a sense of permanence, a durability that men longed to know in themselves. So they identified that which they valued most with some use of stone, either in actual or symbolic fashion.

Jacob called the stone on which he slept and had his dream of the ladder to heaven, "Bethel" or God's house. Stone pillars and heaps of stones became centers of worship. Rocks served as altars. With the passing of time and the erection of more elaborate houses of worship, a single stone in the otherwise stone building, was chosen for a place of special honor or importance, the head stone or the cornerstone. This stone had to be of the best quality, as nearly faultless as possible, because it served to hold the structure together.

We remember that Jesus referred to Himself as a rejected stone which later became the head of the corner, as He quoted the 118th Psalm: The stone which the builders rejected has become the

chief cornerstone." Thus, the modern congregation, in laying or unveiling a cornerstone, as the case may be, is perhaps unwittingly testifying to three significant religious truths:

First, we want our physical altars to endure. The LaVale congregation, like the ancient Israelites, first worshipped in a tent, but there is nothing permanent about a tent. It does not suggest strength or durability. Even if the weather permitted, no congregation would care to be housed for long in such a structure.

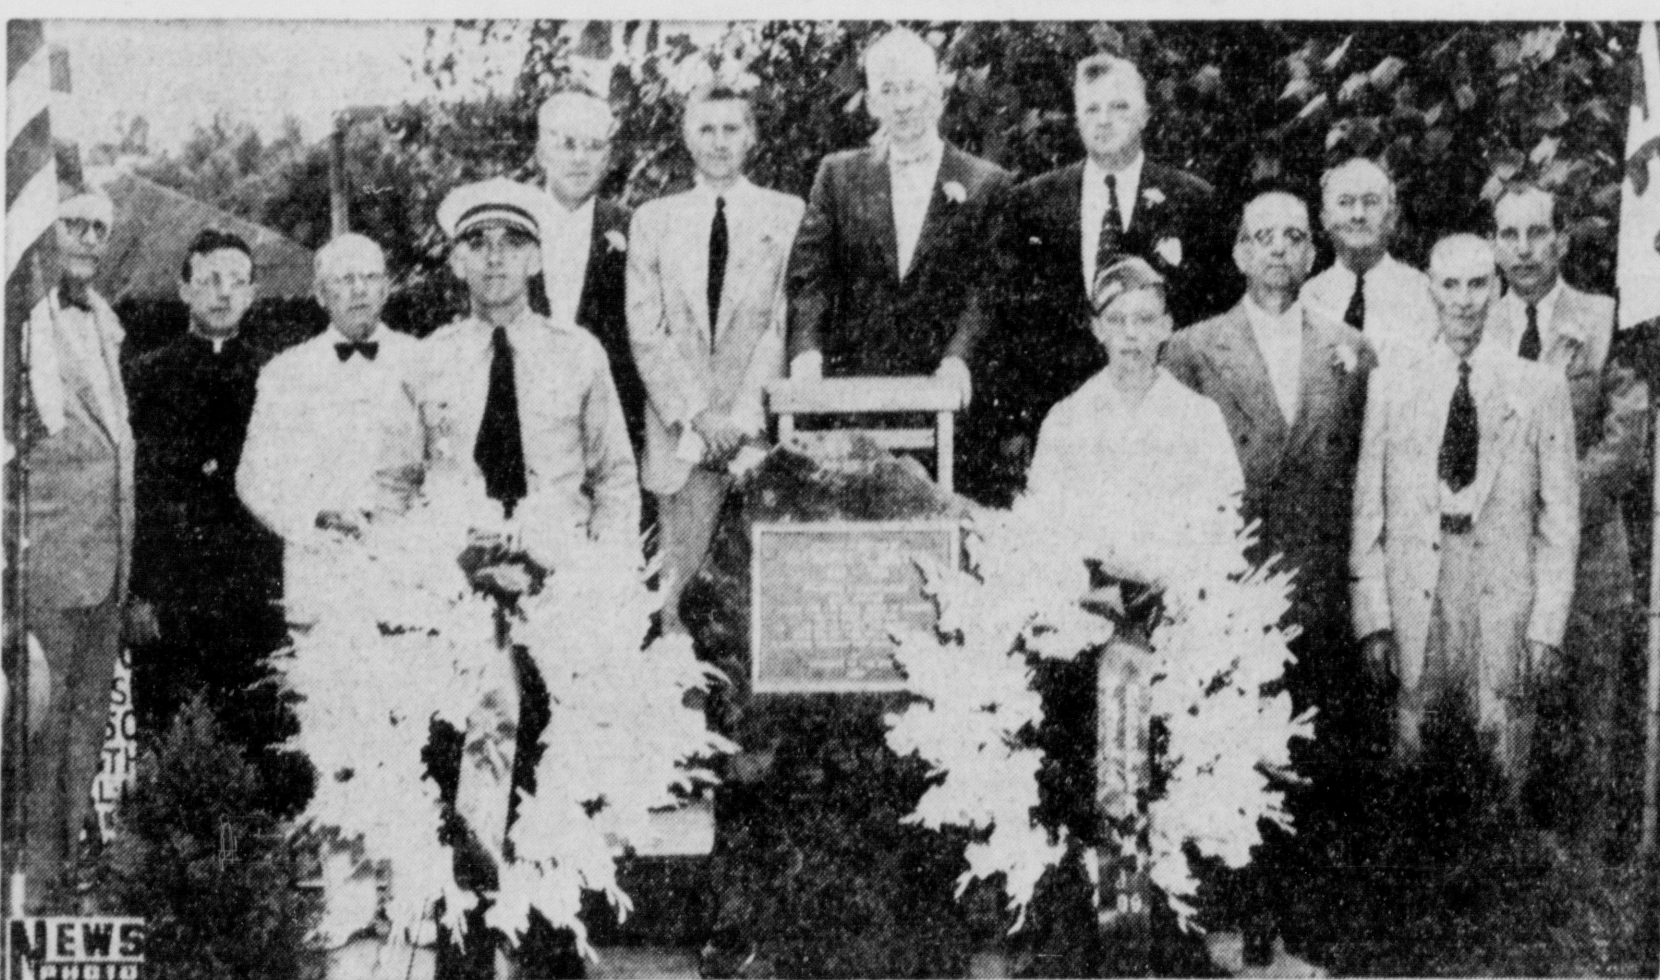

This suggests the second truth. The desire for a permanent altar may well be prompted by a desire for a permanent life. We want our altars and what they mean to us, to put stable foundations under our lives, and to assure us that even though all other things may change, and decay, life itself shall endure because it is founded upon a Rock.

So, then, in the third instance this Rock is Christ. Once rejected He remains today the chief stone which holds the structure of the church and congregation together. Without His spirit and life in the church, the lesser stones of our human lives tend to split and crack and fall apart.

The enduring church is Christ centered, Christ controlled and Christ empowered. A church building has spiritual meaning only as it serves the purpose of Christ. To paraphrase Edgar Guest, "It takes a heap of Christian living and serving to make a church house a spiritual home." Only as people live Christian lives, and express Christian faith in a building called a church, does it become a sacred place.

As we unveil the cornerstone of our church today, it is with the earnest prayer that we shall recognize the necessity of rededicating ourselves to Him who is, and must ever remain, the chief Stone of all.

"Behold, we lay in Zion for a foundation a stone, a tried stone, a precious cornerstone, a sure foundation."

## Dreyer Memorial Service

Memorial services were held yesterday afternoon at the Canada Hose House for Frederick C. "Buck" Dreyer, the late water rescue expert of Cumberland, at which time the inscribed stone pictured above was formally dedicated. The principals who took part in the dedication program are, left to right, John C. German, secretary of Cumberland Encampment 6, Woodmen of the World; Rev. Robert Hopkins, assistant pastor of St. Mary's Catholic Church, who gave the benediction; Rev. William J. Elliot, pastor of First Methodist Church, who offered the invocation; Lonnie

Jackson, of the Auxiliary Police Force; Lawrence Oliver, National director of the Woodmen of the World, who gave the principal address; James Alfred Aviret, local attorney, who made the testimonial address; Mayor Roy W. Eves, Police and Fire Commissioner William V. Keegan, David Ruby, Tech. Sgt. John Newhouse, advisor to the Auxiliary Police, Chief of Police R. Emmett Flynn, Stoner Dowling, chairman of the committee in charge of the ceremonies, and Russell Reynolds, master of ceremonies. Two wreaths were placed on the monument.
